Thunder Tree:

The Thunder Tree Robert Michael Pyle, Richard Louv, 2011 An engrossing memoir and eloquent portrait of place The Thunder Tree shows how powerful the relationship between people and the natural world can be When people connect with nature it happens somewhere Pyle writes My own point of intimate contact with the land was a ditch Without a doubt most of the elements of my life flowed from that canal The High Line Canal originally built outside of Denver as part of an ambitious plan to bring water to eastern Colorado for irrigation became the author's place of sanctuary and play and his birthplace as a naturalist This reprint of the classic book updated with a new foreword by Richard Louv and a preface to this edition makes one of Pyle's important early works once again available For a new generation of readers it offers a powerful argument for preserving opportunities for exploring nature

Christmas for a Fish Out of Water Albert G. Thayer, 2025-06-19 The different customs and activities at Christmas in another country or another part of the USA can make a person feel like a fish out of water This book will get American exchange students and soldiers serving in Germany back in the swim of things and no longer feel like a fish out of water The book covers St Boniface who according to legend started the Christmas tree custom and explained why his statue has a dagger in his back It tells of St Nicolas in Bavaria coming in early December and not on Christmas Eve Also it tells of Three Kings Day almost two weeks after Christmas It goes on to elaborate about Silent Night ending with a description of black-eyed peas on New Year's in Texas No mystery is solved here but much is demystified for an American reader
