## **Tim Buck A Conscience For Canada:**

**Tim Buck** Oscar Ryan, 1975 **Workers and Canadian History** Gregory S. Kealey, 1995 This collection of twelve essays by Gregory Kealey will be of great interest to students and scholars of Canadian history labour history Marxist and socialist theory and history and political science **Canadian Bolsheviks** Ian Angus, 2004 Canadian communism did not spring out of the ground suddenly at the end of World War I and it was not smuggled into the country by Russian agents The men and women who built the new movement were long time socialist and labour militants in Canada Inspired by the Russian Revolution and by their own experiences as leaders of the post war labour revolt in Canada they set about to create a new kind of party one that could lead the fight for workers power The new Communist Party formed between 1919 and 1921 quickly became the largest party on the left with strong roots and influence in the unions and basic industry Its members led heroic strikes They fought for labor unity and engaged in united electoral activity with other currents in the workers movement They were in the forefront of the struggle for democratic rights *An Exceptional Law* Dennis G. Molinaro, 2017-05-08 During periods of intense conflict either at home or abroad governments enact emergency powers in order to exercise greater control over the society that they govern The expectation though is that once the conflict is over these emergency powers will be lifted An Exceptional Law showcases how the emergency law used to repress labour activism during the First World War became normalized with the creation of Section 98 of the Criminal Code following the Winnipeg General Strike Dennis G Molinaro argues that the institutionalization of emergency law became intricately tied to constructing a national identity Following a mass deportation campaign in the 1930s Section 98 was repealed in 1936 and contributed to the formation of Canada s first civil rights movement Portions of it were used during the October Crisis and recently in the Anti Terrorism Act of 2015 Building on the theoretical framework of Agamben Molinaro advances our understanding of security as ideology and reveals the intricate and codependent relationship between state formation the construction of liberal society and exclusionary practices *Left Transnationalism* Oleksa Drachewych, Ian McKay, 2020-01-16 In 1919 Bolshevik Russia and its followers formed the Communist International also known as the Comintern to oversee the global communist movement From the very beginning the Comintern committed itself to ending world imperialism supporting colonial liberation and promoting racial equality Coinciding with the centenary of the Comintern s founding *Left Transnationalism* highlights the different approaches interwar communists took in responding to these issues Bringing together leading and emerging scholars on the Communist International individual communist parties and national and colonial questions this collection moves beyond the hyperpoliticized scholarship of the Cold War era and reenergizes the field Contributors focus on transnational diasporic and cultural networks comparative studies of key debates on race and anti colonialism the internationalizing impulse of the movement and the evolution of communist platforms through transnational exchange Essays further emphasize the involvement of communist and socialist parties across Canada Australia

India China Japan Southeast Asia Latin America South Africa and Europe Highlighting the active discussions on nationality race and imperialism that took place in Comintern circles Left Transnationalism demonstrates that this organization as well as communism in general was especially in the years before 1935 far more heterogeneous creative and unpredictable than the rubber stamp of the Soviet Union described in conventional historiography Contributors include Michel Beaulieu Lakehead University Marc Becker Truman State University Anna Belogurova Freie Universitat Berlin Oleksa Drachewych University of Guelph Daria Dyakonova Universit de Montr al Alastair Kocho Williams Clarkson University Andr e L vesque McGill University Lars T Lih Independent Scholar Ian McKay McMaster University Sandra Pujals University of Puerto Rico John Riddell Ontario Institute of Studies in Education Evan Smith Flinders University S A Smith All Souls College Oxford Xiaofei Tu Appalachian State University and Kankan Xie Peking University

world In the first decades of the twentieth century mine owners cared little for safety or working conditions miners and their families were virtual serfs of the company As their wages were squeezed lower mine workers fought back through their union with J B McLachlan at its head The response of the authorities was fierce The miners faced soldiers machine guns prison sentences starvation homelessness They were betrayed by American union leaders Throughout J B McLachlan stood firm for his principles and ideals The Company Store is the story of a remarkable Canadian and of a little known part of our industrial past
