Time And History:

Time in History G. J. Whitrow, 1989 In this intriguing book G J Whitrow traces the evolution of our general awareness of time and its significance from the dawn of history to the present day His absorbing study ranges from Ancient Egypt and Persia Greece and Israel to the Islamic world India and China and Europe and America showing the different ways time has been perceived by various civilizations

Cartographies of Time Daniel Rosenberg, Anthony Grafton, 2012-02-01 Now in Paperback What does history look like How do you draw time Cartographies of Time is the first history of the timeline written engagingly and with incredible visuals The authors both accomplished writers and historians sketch the shifting field of graphic representations of history from the beginning of the print age through the present They shed light on western views of history and on the complex relationship between general ideas about the course of events and the technical efforts to record and connect dates and names in the past In addition to telling a rich forgotten story this book serves as a kind of grammar of historical representation uncovering the ways in which time has been structured in thought and in images in the Western tradition Written for both the academically curious and the general reader Cartographies of Time provides a set of tools for understanding the evolution and the significance of graphic representations of time both in history and in contemporary culture
