they did on Earth which means that all souls return to the Spirit Side regardless of what they did during their lives In the Spirit Realm he was thrilled to meet several famous historical figures including Albert Einstein Marie Antoinette and Mother Teresa who recalled the wisdom they had gained from their lives on Earth The author describes an astral excursion to a distant planet inhabited with intelligent reptiles who are able to convert energy from their sun into sustenance for their bodies as well as a trip to Earth in a parallel universe where humans learned to drastically reduce pollution by developing a technique to teleport people and goods from place to place without burning fossil fuel On the Earth plane the author travelled to the underground caverns in Area 51 where he saw the spacecraft that crashed near Roswell New Mexico in 1947 along with the bodies of the little aliens who perished in the mishap Albert confirmed to the author that these aliens are one of several advanced and benevolent ET races who have been visiting our planet for eons And his most fascinating experience was listening to a conversation with three wise Masters Jesus Mohammad and Moses who discussed returning to Earth some day as a much needed messiah to lead humans onto the path of spiritual enlightenment
