Writing Non Fiction And Getting Published:

How To Write and Publish Non-Fiction Kenn Crawford, 2021-01-20 So you wanna write a nonfiction book Great But where do you begin With some quick research you ll discover that 95% of people who start to write their book never finish it Well that s a bit disheartening isn t it It must be really hard if so many people gave up before they even finished The truth is it s not actually all that difficult but there is some work involved and that s one of the reasons why so many people quit when the novelty of being a writer wore off They had this pie in sky fantasy of sitting at their keyboard and letting their muse take over that the words would just flow through them as their fingers danced across the keyboard Hogwash That s not the way it works Waiting for inspiration to strike means you might have one book finished by the time you re on your death bed and your book will probably suck Sorry but it s true If you don t spend time honing your craft by only writing when you feel like it or you don t have your ideas organized properly so people can make sense of your book if you actually finish it it s not going to be very good But There is a secret to writing Do you want to know what it is The secret to writing is to write That s it That s the big secret Write every day and every day your writing will get better It doesn t matter if you are writing fiction non fiction a screenplay or a song you have to organize your thoughts and ideas or else you ll end up with gibberish that nobody will want to read I ve written all those things I m a published songwriter author filmmaker and I wrote a weekly newspaper column so I have a wee bit of experience which is why I wrote this guide to share my experiences with you to save you time money and frustration so you re not just another wannabe writer who kinda sorta tried but gave up Let me help you be the exception to the rule so you actually finish your book But why non fiction Because they are easier to write AND they re easier to sell Ignore those so called gurus who tell you to find a profitable niche and write about it because chances are you ll grow tired or bored or both and give up With my guide you ll learn how to find profitable niches you actually want to write about You ll learn how to outline and organize your book so you re not writing blind And you ll learn about formatting book covers and pricing your book But what if you don t want to sell your book What if just knowing you are helping people is reward enough In this guide you ll learn why charging for your book will actually help more people than giving it away for free If you always want to write a book but didn t know where to start or perhaps you re worried that you re not an expert or have enough authority in your niche to write a book about it then this guide is for you One of these days is none of these days That old proverb pretty much sums it up if you keep waiting until one of these days to write that book you keep saying you re going to write you ll never write it I know it you know it so stop thinking about writing your book and let s get started AND at only 99 cents for the ebook version of my guide you have no excuse for not getting started right now Order my guide today and start writing your book tomorrow Ebook priced at 99 cents USD Limited Time Offer
