investigate historic manuscripts while assisting various agencies to catalog their documents We examine these historic
manuscripts to hear stories lost or untold The 1934 edition of T te D Gaisetsu by Miyagi Ch jun known also as Ry ky Kenp
Karated Enkaku Gaiy is rare considering the majority of the recipients lost their personal belongings during and after the 2nd
World War The document contains a valuable glimpse into the thoughts and writings of Miyagi Ch jun prior to the battle for
Okinawa The variations from the 1934 edition to the 1936 edition are minor however readers should note that the style G j Ry
Karate d was still in one of many well planned stages of development and under closer examination such becomes clear with
both the minor revision in history and the technical syllabus as indicated by Miyagi Ch jun Due to the age and deterioration
of the original artifact we turned to the supplementary published modern print versions of his Miyagi Ch jun publication to

to suggest that Okinawa martial arts had originated in China This was also collaborated by Miyagi Ch jun in the October

arts were however excellent resources for training and research due to the country's vast population and border proximity which encompassed a multitude of various styles from which to draw inspiration. And finally the text and context of this manuscript by Miyagi Ch jun is dated. In other words people in Okinawa and Japan simply do not speak in the manner as written in the essay any longer. In our modern times much of the terminology then used is now depreciated or the rhythm of speech is considered ancient. For this reason we have included italicized text for the clarification of framework.
