Sovereign Spheres:

Sovereign Spheres Manu Belur Bhagavan, 2003 Looks At Educational Reform In 2 Leading Progressive Princely States In 20th Century India Baroda And Mysore Argues For A Fundamental Remodelling Of Colonial India **Spheres of Influence in International Relations** Susanna Hast, 2016-04-01 Current events happening around the world especially the humanitarian interventions by NATO and the West within the context of the so called Arab Spring make the understanding of the role of spheres of influence in international politics absolutely critical Hast explores the practical implications and applications of this theory challenging the concept by using historical examples such as suzerainty and colonialism as well as the emergence of a hierarchical international order This study further connects the English School tradition post war international order the Cold War and images of Russia with the concept of the sphere of influence to initiate debate and provide a fresh outlook on a concept which has little recent attention *Constitutional Limits and the Public Sphere* Oren Ben-Dor, 2000-10-21 Ben Dor law U of Southampton developed this book concerning critical constitutionalism from his doctoral thesis at University College London In it he interprets unpublished and recently published texts by Jeremy Bentham 1748 1832 first reconstructing the most general argument about Bentham s legal and political thought as a founder of utilitarianism and then analyzing Bentham s work within the context of contemporary debates in legal and political philosophy He concludes that the technical and reductionist methodology associated with utilitarianism don t do justice to the theory which identifies the maximization of pleasure as the most fundamental self interest guiding people Distributed by ISBS c Book News Inc [The New World Order](#) Frederick Charles Hicks, 1920 **Sin and Politics** Jeong Kii Min, 2009 Sin and Politics Issues in Reformed Theology is an overview of the relationship between sin and politics from the reformational point of view This short theological history is comprised of three parts politics without sin creational politics politics with sin fallen politics and politics beyond sin redeemed politics As a creation of human culture politics have been tainted with sinful distortion in this world but will be recovered in the future Kingdom by the eternal kingship of the Lord of Lords Sin and Politics includes a summary and commentary on political discussions by various Reformed theologians It uncovers the Reformed tradition s positive regard for politics and the profound theological root of politics **The Acquisition and Government of Backward Territory in International Law** Sir Mark Frank Lindley, 1926 The salient facts in the history of the expansion of European sovereignty in America Asia Oceania and Africa from the time of the Papal Bulls to that of the bestowal of League of Nations Mandates are reviewed and the underlying rules extracted The matters considered in Part I turn mainly upon the nature of the territory to be acquired while Part II is devoted to the question who may become sovereign In Part III the various methods or processes of acquisition and related matters are dealt with the modern tendency to acquire sovereignty piecemeal being explored in chapters on such subjects as Protectorates Spheres of Influence and Leases and rights of occupation and administration Finally the author considers to what extent international law can be said

to regulate the rights and duties of a State that has acquired the whole or a part of the sovereignty over backward territory in its relations with other States and with the natives and shows that rules are in process of formation for the protection of subject backward peoples in their persons and lands

On Charity and Justice (Abraham Kuyper Collected Works in Public Theology) Abraham Kuyper, 2022-02-09 In this anthology of articles and reflections Kuyper articulates a Christian vision for engaging with society Though his analysis was intended for his late nineteenth century Dutch context his thoughts remain strikingly relevant for Christians living in the modern world For Kuyper God's law preserved civil justice making humane life possible However the law itself could not save society only the gospel can transform the heart But the gospel is for all of life Kuyper elaborated a social Christian approach to politics resulting in a distinct perspective on property human dignity democracy and justice
