Soviet Achievement:

The Soviet Achievement J. P. Nettl, 1967 History of the aims triumphs and failures of Lenin and his successors with emphasis on the large changes these leaders brought about in the lives of everyday people in Russia *The Soviet Achievement* John P. Nettl, 1976 **The Soviet Achievement** John P. Nettl, 1976 The Future of U.S.-Soviet Relations United States. Congress. Senate. Committee on Foreign Relations, 1990 National Security Policy United States. Department of State, 1990 **Papers Relating to the Foreign Relations of the United States** United States. Department of State, 1990 October Song Paul Le Blanc, 2017-11-14 A panoramic account of the Russian Revolution of 1917 and its aftermath animated by the lives ideas and experiences of workers peasants intellectuals artists and revolutionaries of diverse persuasions October Song vividly narrates the triumphs of those who struggled for a new society and created a revolutionary workers state Yet despite profoundly democratic and humanistic aspirations the revolution is eventually defeated by violence and authoritarianism October Song highlights both positive and negative lessons of this historic struggle for human liberation

Space Exploration in the United States Thomas Gangale, 2019-11-11 This select volume of historical documents is organized chronologically spanning from 1914 to the present Divided into eight chapters it includes a narrative introduction to each historical period This collection of historical documents provides insight into the history of the United States in its pursuit of the peaceful uses of outer space with emphasis on the manned space program of the National Aeronautics and Space Administration as well as commercial American activities supporting human spaceflight in the early 21st century Rocketry and space technology have served varied goals throughout the Space Age pure research as well as research applied for national security national prestige and commercial profit There have been varied actors as well among them individuals supported by philanthropists as well as governments intergovernmental organizations international consortiums and for profit corporations This book focuses on space exploration and in particular human space exploration leading to the questions Why have humans gone into outer space in the past and Why will they do so in the future These documents help readers to examine the variety of fascinating answers to those questions **Pacific Affairs** , 1945 Includes book reviews and bibliographies **The Cold War Comes to Main Street** Lisle A. Rose, 1999 In 1950 Main Street American was abruptly traumatized The sudden prospect of thermonuclear war with the Soviet Union Senator McCarthy s vicious anticommunist crusade and the beginning of the Korean War all combined to dampen the public mood The Cold War invaded every home Rose maintains that 1950 was a pivotal year for the nation He argues that the convergence of Korea McCarthy and the bomb wounded the nation in ways from which we ve never fully recovered Brimming with originality this book makes readers look at the Cold War from a dozen different angles *Bernard Brodie and the Foundations of American Nuclear Strategy* Barry Howard Steiner, 1991 Steiner analyzes how and why Brodie s understanding of weapons of unparalleled explosive force led him to posit the need for revolutionary strategic thinking in broadminded analytic method and in the focus upon cities as

nuclear targets He shows the tremendous effect Brodie s work had on the intellectual climate in which policy is determined particularly in his frequent combatting of conventional wisdom Your Library ,1927 *Conquest of Outer Space in the USSR* Georgii Ivanovich Petrov,1973 **Rural America** ,1923 The Country Life Bulletin ,1925 *The Carter Presidency* Gary M. Fink,Hugh Davis Graham,1998 After the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter s election in 1976 would restore the New Deal agenda in the White House Instead during four tumultuous years in office Carter endorsed many of the fiscal and economic policies later espoused by his Republican successor Ronald Reagan But Carter also backed most New Deal social programs and however reluctantly pursued a traditional containment foreign policy In this book more than a dozen eminent scholars provide a balanced overview of key elements of Carter s presidency examining the significance of his administration within the context of evolving American policy choices after World War II They seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order By the time Carter took office many Americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration As this volume demonstrates Carter s dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities While most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that Carter was more successful than his critics acknowledge These thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy They offer thoughtful assessments of Carter s performance focusing on policy both as cause and effect of the post industrial transformation of American society that shadowed his administration A final essay shows how Carter s public spirited post presidential career has made him one of America s greatest ex presidents Grounded on research conducted at the Carter Library *The Carter Presidency* is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years It is a milestone in the historical appraisal of that administration inviting us to take a new look at Jimmy Carter and see what his presidency represented for a dramatically changing America **The New Schools of New Russia** Lucy Langdon Williams Wilson,1928 **Vanity Fair** ,1928 Intercollegian ,1930 **Soviet Armed Forces Review Annual** ,1986
