Guia Del Viajero Biblico Tom Castor,2020 Have you ever visited a far away place Have you gone to a place where you had never been before A trip like that can be fun But it can also be frightening You could get lost because you do not know your way This is especially true if there is no one to ask for help The best way to visit a new place is to have a guide It is even better if the guide is a friend A friend can help you find your way Sometimes if you do not have a guide the next best thing to have is a map There are many different kinds of maps Some maps show every detail They show how tall the mountains are and show each turn and bridge along the way But there are other kinds of maps as well Sometimes a friend may draw a map for you on a small piece of paper This map will not show every detail But it will give you enough information to help you find your way It can help you get back on the right road if you are lost This book is like a map It is like the map that a friend might draw on a small piece of paper It is a map to help you understand the Bible It will not tell you everything about the Bible But it will help you find your way as you read the Bible book by book *The History of the Spanish Bible* Rafael A Serrano,2014-04-21 This is a history of the Spanish Bible It is an Introduction covering almost every Spanish Version of the Bible until 2014 Large Print Spanish Study Bible American Bible Society,Nairi,1999-12-01 Footnotes on linguistic cultural and historical aspects Hebrew calendar Study notes Chronological table Weights and measures Thematic index Maps What s
