**Chao Zhang**

## White Jacket:

**Herman Melville** Katie McGettigan, 2017-11-07 In this imaginative book Katie McGettigan argues that Melville's novels and poetry demonstrate a sustained engagement with the physical social and economic materiality of industrial and commercial forms of print. Further, she shows that this aesthetics of the material text is central both to Melville's stylistic signature and to his innovations in form. This allows Melville to explore the production of selfhood, test the limits of narrative authenticity, and question the nature of artistic originality. Combining archival research in print and publishing history with close reading, McGettigan situates Melville's works alongside advertising materials, magazine articles, trade manuals, and British and American commentary on the literary industry to demonstrate how Melville's literary practice relies on and aestheticizes the specific conditions of literary production in which he worked. For Melville, the book is a physical object produced by particular technological processes as well as an entity that manifests social and economic values. His characters carry books, write on them, and even sleep on them; they also imagine, observe, and participate in the buying and selling of books. Melville employs the book's print, paper, and binding, and its market circulations, to construct literary figures, to shape textual form, and to create irony and ambiguity. Exploring the printed book in Melville's writings brings neglected sections of his poetry and prose to the fore and invites new readings of familiar passages and images. These readings encourage a reassessment of Melville's career as shaped by his creative engagements with print rather than his failures in the literary marketplace. McGettigan demonstrates that a sustained and deliberate imaginative dialogue with the material text is at the core of Melville's expressive practice and that for Melville the printed book served as a site for imagining the problems and possibilities of modernity. [American Turf Register and Racing Calendar ...](#), 1873 **American Houses: Literary Spaces of Resistance and Desire**, 2022-08-15 Already in 1854 Henry David Thoreau had declared in *Walden* that "Most men appear never to have considered what a house is." 225 Like Thoreau, many other renowned American writers have considered what houses are and particularly what houses do, and they have created fictional dwellings that function not only as settings but as actual central characters in their works. The volume is specifically concerned with the structure, the organization, and the objects inside houses and argues that the space defined by rooms and their contents influences the consciousness, the imaginations, and the experiences of the humans who inhabit them. Winner of the Spanish Association for American Studies Javier Coy Award 2022 for best edited volume. Contributors are Cristina Alsina R, Squez, Rodrigo Andr s, Vicent Cucarella, Ramon Arturo Corujo Mar Gallego, Ian Green, Michael Jonik, Wyn Kelley, Cynthia Lytle, Carme Manuel, Paula Mart n Salv n, Elena Ortells, Eva Puyuelo, Ure, a Dolores Resano, and Cynthia Stretch. [Guide to the Turf](#) Ruff William, 1902 [Melville and the Theme of Boredom](#) Daniel Paliwoda, 2010-01-13 Boredom is a prevalent theme in Herman Melville's works. Rather than a passing fancy or a device for drawing attention to the action, that also permeates his work, boredom is central to the writings, the author argues. He contends that in Melville's mature work, especially *Moby-Dick*, boredom presents itself as an

insidious presence in the lives of Melville's characters until it matures from being a mere killer of time into a killer of souls

**The historical handbook and guide to Oxford** James J. Moore, 1878      **Shipbuilding & Shipping Record** , 1918

**A Herman Melville Encyclopedia** Robert L. Gale, 1995-04-30 Herman Melville is one of the most challenging authors of American literature. Known primarily as the author of *Moby Dick*, he wrote several other novels, short stories, and poems. With the rise of interest in Melville in the 20th century, critical and biographical studies of Melville continue to be published at an ever-increasing rate. This encyclopedia is a comprehensive guide to Melville's rich and complex literary career. The volume includes several hundred alphabetically arranged entries for all of Melville's works and characters and for his family, members, friends, and acquaintances. Entries on the most important topics include bibliographies. The encyclopedia is more factual than critical, but scholarship from 1990 and beyond is emphasized throughout. The book also gives special attention to the 19th-century women who influenced Melville, for these women have often been overlooked. A chronology overviews the principal events in Melville's life, and a selected bibliography lists major studies.
