**Agents of Social Change** Sung H. Bauta,2022-07-15 This book goes where no other work has gone It refuses to conform to the conventional descriptions of the realities of widows in Africa Thus rather than approach the issue of widowhood from the vantage point of what society can do for widows the book considers what widows can do for society Christian widows in northern Nigeria are defying the restrictions assigned to their widowhood Remarriage and property inheritance for instance are not central to widows ambitions Widows believe that they are not passive observers within society rather they are agents of social change Therefore they are drawing from their faith in religious social and economic engagements towards societal transformation Of the institutions that influence their lives Christian institutions provide the best guide for the embodied agency of Christian widows in northern Nigeria The theory of embodiment considers the ways Christian widows emulate the life of Jesus towards remaking society

**Widow City** Anna Wainwright,2025-05-13 Widow City Gender Emotion and Community in Renaissance Italy investigates the ever evolving role of the widow in medieval and early modern Italian literature from canonical authors such as Dante Petrarch and Boccaccio to the numerous widowed writers who rose to prominence in the sixteenth century including Vittoria Colonna Veronica Gambara and Francesca Turina and radically changed the conversation on public mourning Engaging with broader intellectual discussions around gender the history of emotions the politics of mourning and the construction of community Widow City argues that widows served as key models demonstrating to readers not just how to mourn but how to live well after devastating loss At the same time widows were figures of great anxiety their status as unattached women and the public performance of their grief were viewed as very real threats to the stability of the social order They are thus key to broader intellectual understandings of community and civic life in the Italian Middle Ages and Renaissance
