Space Time Resurrection:

Space, Time and Resurrection Thomas F. Torrance, 2018-12-13 In this sequel to *Space Time and Incarnation* Thomas F. Torrance sets out the biblical approach to the Resurrection in terms of the intrinsic significance of the resurrected one Jesus and demonstrates that the Resurrection is entirely consistent with who Jesus was and what he did. The Resurrection is thus taken realistically and treated as of the same nature in the integration of physical and spiritual existence as the death of Christ. All this is elucidated in the context of modern scientific thought in such a way as to show that far from being frightened by modern science into a compromise of the New Testament's message of the Resurrection of Jesus Christ in body it actually allows us to take its full measure. This classic volume from one of the premier English speaking theologians of the 20th century remains an important contribution to the field of systematic theology. For this Cornerstones edition the preface is written by Paul D. Molnar.

Space, Time, and Resurrection Thomas Forsyth Torrance, 1976 The sequel to *Space Time and Incarnation* Professor Torrance attempts to set out the biblical approach to the Resurrection in terms of the intrinsic significance of the resurrected one Jesus and demonstrates that the Resurrection is entirely consistent with who Jesus was and what he did. The Resurrection is thus taken realistically and treated as of the same nature in the integration of physical and spiritual existence as the death of Christ. All this is elucidated in the context of modern scientific thought in such a way as to show that far from being frightened by modern science into a compromise of the NT message of the Resurrection of Jesus Christ in body it actually allows us to take its full measure.

Space, Time and Resurrection Thomas F. Torrance, 2005-01 In an earlier work *Space Time and Incarnation* Torrance argued that the Incarnation is meaningless for us unless its relation with the actual structures of space and time can be clarified adequately. This he did with special emphasis upon space. This book is in part a sequel dealing with the Resurrection in relation to space and in particular time. Torrance attempts to set out the biblical approach to the Resurrection in terms of the intrinsic significance of the resurrected one Jesus and demonstrates that the Resurrection is entirely consistent with who Jesus was and what he did. The Resurrection is thus taken realistically and treated as of the same nature in the integration of physical and spiritual existence as the death of Christ. But all this is elucidated in the context of modern scientific thought and questioning in such a way as to show that far from being frightened by modern science into a compromise of the New Testament message of the Resurrection of Jesus Christ in body it actually allows us to take its full measure.

Space, Time and Resurrection Thomas F. Torrance, *Thomas F. Torrance's Theology of the Ascension* Stavan Narendra John, 2025-05-29 The ascension is a crucial doctrine integrally related to the incarnation. When it is underemphasized it results in an impoverishment of our theology of Christ, the church, human beings, and eschatology. T. F. Torrance's theology offers a compelling vision and holistic doctrine of the ascension that notwithstanding its flaws deserves a careful and detailed examination. Torrance develops a holistic account of the ascension by considering the ontology, spatiality, and present ministry of the ascended Jesus. What results is a theological

construction that affirms the ascended body of Christ and understands the Lord to be currently serving as our human representative in a ministry of priestly intercession prophetic declaration and ascended kingship Torrance is able to do this without succumbing to literalism space travel demythologization metaphorical reading or Pelagianism human effort based sanctification and glorification This book interprets and then develops Torrance's theology of the ascension in critical dialogue with contemporary theological interlocutors *The Expository Times*, 1898 **The Book of Mormon**, 1877
