The Population Explosion Paul R. Ehrlich, Anne H. Ehrlich, 1991 From global warming to rain forest destruction famine and air and water pollution why overpopulation is our 1 environmental problem Jacket subtitle **The Population Bomb** Paul R. Ehrlich, 1971 **The great errors of humanity; the population explosion** Luis Arturo Acevedo Acevedo, 2019-08-05 Every time I get up in the last 25 years or so I have been noticing the great changes that Medellin Colombia has suffered the city where I was born it is impressive the amount of forest that has been lost by the number of people who have been invading the land to build a house of tin and wood and thus demand of the government services of water electricity and improvements The arrival of so many people who come from villages at war or from remote areas looking for better opportunities or simply opportunists looking for more land to invade With the arrival of this number of people it has also changed the means of transport which were not so full were faster without so much traffic and where the metro system was more comfortable quiet agile and without congestion and where the avenues regional and motorways did not have as much traffic or as much car truck and motorcycle **The Population Explosion and the Green Revolution** United States. Congress. House. Appropriations, 1971 **The Population Explosion and the Green Revolution** United States. Congress. House. Committee on Appropriations. Subcommittee on Departments of Labor, and Health, Education, and Welfare, and Related Agencies, 1971 The Population Explosion John Becklake, Sue Becklake, 1990 Discusses our continually increasing population its causes and consequences and efforts by governments and individuals to control its growth The Population Explosion Cyril Wright Park, 1965 Challenge of World Population Explosion United States. General Accounting Office, 1976 *The Population Explosion* C. W. Park, 1970 **The Population Explosion** Edward G. Stockwell, 1963 **The Population Explosion**, 1971 **The Population Explosion** Claire Jones, Steve J. Gadler, Paul H. Engstrom, 1972 **Building the Population Bomb** Emily Klancher Merchant, 2021-04-21 Building the Population Bomb carefully examines how the rise of the world's human population came to be understood as problematic by scientists and governments across the globe It challenges our assumption of population growth as inherently problematic by demonstrating how it is our anxieties over population growth and not population growth itself that have detracted from the pursuit of economic environmental and reproductive justice *The Population Explosion and Christian Responsibility* Richard Martin Fagley, 1960 **Figuring the Population Bomb** Carole R. McCann, 2016-12-01 Figuring the Population Bomb traces the genealogy of twentieth century demographic facts that created a mathematical panic about a looming population explosion This narrative was popularized in the 1970s in Paul Ehrlich's best selling book *The Population Bomb* which pathologized population growth in the Global South by presenting a doomsday scenario of widespread starvation resulting from that growth Carole McCann uses an archive of foundational texts disciplinary histories participant reminiscences and organizational records to reveal the gendered geopolitical grounds of the specialized mathematical culture bureaucratic

organization and intertextual hierarchy that gave authority to the concept of population explosion These demographic theories and measurement practices ignited the population crisis and moved nations to interfere in women s reproductive lives Figuring the Population Bomb concludes that mid twentieth century demographic figures remain authoritative to this day in framing the context of transnational feminist activism for reproductive justice **Inside the Population Explosion**,1963* **Population Explosion** Jan Lenica,Alfred Sauvy,1962 Population Explosion K. S. Shah,1995 *Accelerated Modernization and the Population Explosion* Emilio Casetti,1976 **The Population Explosion** ,1966
