

THE GREAT WAR
WESTERN FRONT

Western Front

Joacim Rocklöv

Western Front:

World War I Peter Simkins, 1991 More than seventy years after the Armistice of 11 November 1918 the First World War continues to cast an immense shadow over the twentieth century its course and effects having played a large part in shaping the world we live in today Although it was a global conflict with actions fought as far afield as the Falkland Islands and Tsingtao in China it is the Western Front the decisive theatre of the war that still dominates our collective memory For most people the enduring images of the 1914-1918 war are those of frightful carnage on the battlefields of northern France and Belgium and of legions of doomed young men being sacrificed in futile frontal assaults against machine guns for the sake of a few yards of Flanders mud Yet was this the whole story In his concise and highly readable narrative Peter Simkins rightly re-emphasizes the grimmest aspects of the conflict but also questions some long established popular beliefs about the nature and conduct of the war on the Western Front Re-examining the role of the senior commanders on both sides the author suggests that far from being all uncaring butchers and bunglers some generals did their best to reduce casualties and by learning how to apply the new technology were able to overcome the deadlock which that same technology had initially produced Above all he shows how the amateur citizen soldiers of Britain and her Dominions emerged from the dreadful attrition battles of 1916 and 1917 to become the cutting edge of the Allied armies in the last months of the war The book is not just about commanders and major battles in a series of special features Peter Simkins describes the daily routine of the front line soldier and covers such diverse topics as transport and supply rest and recreation medical services and communications Striking use is made of almost 400 authentic photographs which together with the narrative and detailed captions offer many stimulating insights into the way in which men lived fought and died in France and Belgium during those terrible years

The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23 This all inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on The work offers more than 5 000 three to five star entries three stars good four stars excellent five stars masterpiece and yes author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut In addition to a precis each film's entry also includes a listing of the cast as well as the key principles involved in production from the director to the hair stylist Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children Unlike the industry rating system which can be influenced by studio lobbying Nash objectively evaluates each film and confers upon it one of four recommendations for viewing recommended acceptable cautionary and unacceptable Backmatter includes a list of top films by genre i.e. animated drama sports mystery adventure etc as well as an annotated name index listing all persons mentioned along with their dates of birth and death Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection

Bletchley Park and D-Day David Kenyon, 2019-07-16 Demonstrates that the intelligence division had a more significant role in WWII making

indispensable contributions to the invasion at Normandy Publishers Weekly The untold story of Bletchley Park's key role in the success of the Normandy campaign Since the secret of Bletchley Park was revealed in the 1970s the work of its codebreakers has become one of the most famous stories of the Second World War But cracking the Nazis codes was only the start of the process Thousands of secret intelligence workers were then involved in making crucial information available to the Allied leaders and commanders who desperately needed it Using previously classified documents David Kenyon casts the work of Bletchley Park in a new light as not just a codebreaking establishment but as a fully developed intelligence agency He shows how preparations for the war's turning point the Normandy Landings in 1944 had started at Bletchley years earlier in 1942 with the careful collation of information extracted from enemy signals traffic This account reveals the true character of Bletchley's vital contribution to success in Normandy and ultimately Allied victory The Western Front Nick Lloyd, 2021-03-04 The latest volume in the World War One trilogy The Eastern Front is out now A SUNDAY TIMES BOOK OF THE YEAR A TELEGRAPH BOOK OF THE YEAR A tour de force of scholarship analysis and narration Lloyd is well on the way to writing a definitive history of the First World War Lawrence James The Times This well researched well written and cogently argued new analysis will undoubtedly now take its rightful place as the standard account of this vital theatre of the conflict Andrew Roberts author of Churchill Walking with Destiny _____ In the annals of military history the Western Front stands as an enduring symbol of the folly and futility of war However as bestselling military historian Nick Lloyd reveals in this highly praised history the first of an epic trilogy the story is not one of pointlessness and stupidity but rather a heroic triumph against the odds With a cast of hundreds and a huge canvas of places and events Lloyd tells the whole tale revealing what happened in France and Belgium between August 1914 and November 1918 from the perspective of all the main combatants including French British Belgian US and most importantly German forces Lloyd examines the most decisive campaigns of the Great War and explains the unprecedented innovation adaptation and tactical development that have been too long obscured by legends of mud blood and futility drawing upon the latest scholarship on the war wrongly overlooked first person accounts and archival material from every angle Conveying the visceral assault of the battlefield with vivid detail Lloyd ultimately redefines our understanding of a crucial theatre in this monumental tragedy _____ Excellent on detail Lloyd's book will be cherished by military history buffs Max Hastings Sunday Times It is the best modern single volume history of war on the Western Front and is likely to remain the standard account for some time Jonathan Boff The Spectator **Torquay in the Great War** Alex Potter, 2015-02-28 In 1914 Torquay was the crown jewel of the English Riviera long the haunt of the rich and famous but this status was not to last The Great War of 1914 1918 brought a shuddering end to this golden period in amongst the blood and mud of the Western Front as hundreds of Torquinians gave their lives in the fight against the Kaiser This book documents the town's experience both militarily and socially through the extensive use of previously unpublished letters from those who served by following the career of General

Sir Herbert Plumer commander of the British Second Army and native Torquian and by featuring a detailed analysis of the home front throughout the war In doing so it challenges many of the war s myths including the idea of war enthusiasm in 1914 widespread opposition to the war and the old myth of lions led by donkeys In doing so it reveals the extent to which even a small town such as Torquay contributed to the war effort and how much the war permanently changed Torquay
