South Was Right

Samuel Augustus Steel

South Was Right:

The South was Right James Ronald Kennedy, 1991 *The South Was Right! a New Edition for the 21st Century* James Ronald Kennedy, 2020

THE SOUTH WAS RIGHT A NEW EDITION FOR THE 21ST CENTURY IN 1991 THE KENNEDY BROTHERS first published *The South Was Right* launching the modern movement of Southern awareness and activism To date the first and second edition of this book has sold over 135 000 copies Not for the faint of heart *The South Was Right* is an authoritative and well documented study of the mythology behind Civil War history and its ongoing effects In their new edition for a 21st century audience the Kennedys have updated their message to provide guidance for the harsh conditions against liberty and even the survival of the South that face us in this time If you love the South and long for liberty you need this book

PASSAGES FROM THE NEW EDITION The central theme of this book is that the Northern majority used unconstitutional illegal and immoral methods to change the Original Constitutional Republic of Sovereign States into a centralized supreme federal government that is now 2020 controlled by an evil leftist shadow government Through aggressive war and post war unconstitutional political acts the Yankee Empire changed the nature of the government from a voluntary compact among sovereign states to an empire established by the Northern majority via the conquest of the numerical minority of the South After Reconstruction the South accepted its secondary place in the newly created Yankee Empire in exchange for nominal control of the puppet governments foisted upon the Southern States and agreed not to secede from the newly created indivisible nation The Yankee Empire broke the bargain The South is no longer patriotically required to remain loyal to the Yankee Empire If Southerners continue to remain pacified subjects of a supreme federal government that is actively engaged in anti South cultural genocide then the South will turn into another Detroit Chicago Zimbabwe or Venezuela If the ruling elites in Washington reject the demands of the people for a government more respectful of our rights then it will be faced with the prospect of the Southern people as well as people in conservative red counties across America following the lead of Lithuania 1990 and England via Brexit 2016 as we demand the right of self determination

[The South Was Right](#) Samuel Augustus Steel, 2021-10-21 Napoleon defined history as fiction agreed upon It s written by victors and often one sided This book tells a story from the other side It shakes the foundation of everything you ve been taught about the American Civil War To begin with Samuel Steel explains why the phrase Civil War is misleading and gives the struggle an appropriate name He argues that the seceded states were exercising their constitutional rights and that the real reason behind war was not as most people believe slavery Slavery could not long have survived in the South with the sentiment of the whole outside world and multitudes of its own people against it He questions the sincerity of Webster s celebrated speech which became a school classic He paints a realistic picture of Southerners at the time intelligent human beings who fought on principle not semi barbarians who owned slaves Steel is an accurate and thorough man His arguments are well founded and thought evoking You will find much truth here if you re open minded enough To say

that the South was wrong simply because the North won is to cast a serious reflection on the intelligence of such men as Lee and many others **Hearing held in Valparaiso, Ind** United States.
