Southern Surrender:

Raising the White Flag David Silkenat, 2019-02-27 The American Civil War began with a laying down of arms by Union troops at Fort Sumter and it ended with a series of surrenders most famously at Appomattox Courthouse But in the intervening four years both Union and Confederate forces surrendered en masse on scores of other occasions Indeed roughly one out of every four soldiers surrendered at some point during the conflict In no other American war did surrender happen so frequently David Silkenat here provides the first comprehensive study of Civil War surrender focusing on the conflicting social political and cultural meanings of the action Looking at the conflict from the perspective of men who surrendered Silkenat creates new avenues to understand prisoners of war fighting by Confederate guerillas the role of southern Unionists and the experiences of African American soldiers The experience of surrender also sheds valuable light on the culture of honor the experience of combat and the laws of war

Stopping the Killing Roy Licklider, 1995-03 Yugoslavia Rwanda Liberia Somalia Azerbaijan El Salvador Northern Ireland Lebanon Cambodia all provide bloody evidence that civil wars continue to have a powerful impact on the international scene Because they tear at the very fabric of a society and pit countryman against countryman civil wars are often the most brutal and difficult to extinguish witness the American Revolution And yet civil wars do inevitably end England is no longer criss crossed by warring armies representing York and Lancaster or King and Parliament The French no longer kill one another over the divine right of kings Argentines seem reconciled to living in a single state rather than several The ideologies of the Spanish Civil War now seem largely irrelevant And the possibility of Southern secession is an issue long buried in the American past The question then begs itself how do people who have been killing one another with considerable enthusiasm and success come together to form a common government How can individuals and factions work together politically and economically with others who have killed their friends parents children and lovers How are armed societies disarmed What effect does a total military victory have on a lasting peace In sum how are civil societies constructed from civil violence and chaos This is the central concern of **Stopping the Killing** In this highly original and much needed volume a distinguished group of experts on civil wars discuss both specific conflicts and broader theoretical issues Individual chapters examine civil wars in Colombia the Sudan Yemen America Greece and Nigeria and analyze the causes of peace the relationship between the battlefield and the negotiating table and issues of settlement An introduction and conclusion by the editor unify the volume Contributors include Jonathan Hartlyn Univ of North Carolina Caroline Hartzell Univ of California Davis Jane E Holl U S Military Academy John Iatrides Southern Connecticut State University James O Connell University of Bradford Donald Rothchild Univ of California Davis Stephen John Stedman Johns Hopkins Univ Robert Harrison Wagner Univ of Texas Austin Harvey Waterman Rutgers Univ Manfred Wenner Northern Illinois Univ and I William Zartman Johns Hopkins Univ

The Story of the Santa Fe, Glenn Danford Bradley, 1920. **The Life and Works of Augusta Jane Evans Wilson, 1835-1909**, Brenda Ayres, 2016-03-03. Over the course of her 57-year career, Augusta Jane Evans Wilson published nine best-selling novels, but her significant contributions to American literature have until recently gone largely unrecognized. Brenda Ayres, in her long-overdue critical biography of the novelist, once referred to as the first Southern woman to enter the field of American letters, credits the importance of Wilson's novels for their portrait of nineteenth-century America. As Ayres reminds us, the nineteenth-century American book market was dominated by women writers and women readers, a fact still to some extent obscured by the make-up of the literary canon. In placing Wilson's novels firmly within their historical context, Ayres commemorates Wilson as both a storyteller and maker of American history. Proceeding chronologically, Ayres devotes a chapter to each of Wilson's novels, showing how her views on Catholicism, the South, the Civil War, male authority, domesticity, Reconstruction, and race were both informed by and resistant to the turbulent times in which she lived. This comprehensive and meticulously researched biography contributes not only to our appreciation of Wilson's work but also to her importance as a figure for understanding women's roles in history and their art, evolving gender roles, and the complicated status of women writers. *Proceedings*, Virginia State Bar Association, 1903. *The Laws of Ashanti, the British Sphere of Togoland, and the Northern Territories of the Gold Coast: The Ordinances*, Ashanti, 1928.
