inter literary relations Both the geographical pertinence and its symbolic condition are obviously discussed when not even contested Written by an international team of researchers who are specialists in the field this history is the first attempt at applying a comparative approach to the plurilingual and multicultural literatures in the Iberian Peninsula The aim of comprehensiveness is abandoned in favor of a diverse and extensive array of key issues for a comparative agenda A Comparative History of Literatures in the Iberian Peninsula undermines the primacy claimed for national and linguistic boundaries and provides a geo cultural account of literary inter systems which cannot otherwise be explained
