## Steps To Mystical Experience:

**Steps to Mystical Experience** Bill Skiles, 2005-05 The place called Earth isn't as big as one small farm boy found out. The Midwest boy sat next to his pa one night and learned of a very different kind of moon. A LIAR'S MOON. From that day forward from his divorce in Tampa Florida to the beautiful Northwest in Washington he lives under the superstition skies while blaming the lore for his misfortune and uncertainties that hampered him at every important decision that went bad. Through all the love and pain and questionable romances at both ends of his years he struggled to make sense of them. But the small world capped by the threatening moon and clouds of doubt can't stop a surprising outcome for all. **Ways of Living Religion** Christina M. Gschwandtner, 2024-03-14 This study provides a philosophical analysis of different types of religious experience focusing on the lived experience of religion. *Jacques Maritain and the Many Ways of Knowing* Douglas A. Ollivant, 2002 Drawing on the writings of Jacques Maritain and by extension those of Thomas Aquinas the essays in this volume examine the effects of theories of knowledge on individuals, culture, and entire schools of philosophical thought. The contributors challenge contemporary epistemologies which are largely based on writings of Descartes, Locke, and Kant. They critique these theories internally and demonstrate their incompatibility with other goods such as liberty, human dignity, and access to the transcendent. In stark contrast to modernity's dubious and fragmented opinions and belief systems Maritain in works like *The Degrees of Knowledge* and *Creative Intuition in Art and Poetry* proposed a theory of knowledge that permits real, if limited, knowledge of substances, wholes. Some contributors use these works as a springboard from which to examine aspects or applications of knowledge that Maritain left unexplored. Others challenge or question aspects of Maritain's analysis seeking to improve upon his work. Still others compare Maritain with other neo-Thomistic philosophers, most notably Etienne Gilson, Alasdair MacIntyre, and Pope John Paul II. Maritain's works on human knowledge and the implicit critique of modernity contained within provide an alternative for those seeking to engage the various deficiencies of the culture of death. These essays demonstrate the continuing relevance and timeliness of Maritain's thought. Douglas A. Ollivant is assistant professor of politics at the United States Military Academy. Harold Ellens, 2009-12-30 This three-volume set addresses how the role of spirituality and its constructive expressions in various religions and outside of formal religion enhances human personality and experience. Theologian and acclaimed scholar J. Harold Ellens now offers a breakthrough work on the positive impact of faith. In *The Healing Power of Spirituality and Religion* an extraordinary group
