Still Dancing:

The Kings of Dance Luis De Jesus,2013-06-05 The Kings of Dance novel is an education of dance and how music evolved along with it As far back as I can remember which would be 1972 Rock the dance was born right before my eyes The first time author Luis De Jesus exclaims an education on how Rock was born and how from the Bronx dance roots the next level of dancing evolved The purest form of dance Rock THE BASICS THE FUNDAMENTALS A lot of people do not have knowledge and are blind to the real facts let this be your schooling This story is a time portal that takes you back to the different glamorous Disco s music and styles of clothes This book is so that the truth can be exposed Luis was there he is the proof in the pudding All of the people mentioned in this book deserve their title This is based on a true story It took place in the Bronx

Meet the Dancers Amy Nathan,2008-06-10 Dancers from all kinds of backgrounds talk about their different paths to success as ballerinas modern dancers music video performers and Broadway showstoppers

The Joker Harry Eiss,2016-05-11 To prepare for the role of the Joker Heath Ledger locked himself in a London hotel room trying to understand and become a character he saw as an absolute sociopath a cold blooded mass murdering clown who was not intimidated by anything and found all of life a big joke In the end Ledger s obsession with his role contributed to his own death from drugs before The Dark Knight was released The connections and irony are too close to ignore The movie gives the world a curious twist on the roles of Batman and the Joker It s politically incorrect and yet emotionally the Joker s insanity becomes more endearing than Batman s noble sacrifice What is it Why does this psychopath seem to have a sense of higher truths in his insanity This is the role of the Joker or the Fool a standard character in theatre and a role consciously adopted by serious artists since the late 1800s Just as Shakespeare s Fool in King Lear used his riddles and puns and satire to reveal the truths the royal leaders of his world could not or refused to see today s artists are both revealing the darkness within the culture and offering a way out Waiting for Godot has been proclaimed the greatest play of the twentieth century But there are no great roles in it no characters representing the equivalent of Shakespeare s Hamlet Rather the two main characters are closer to T S Eliot s J Alfred Prufrock who says he cannot be a Hamlet only perhaps Hamlet s Fool This book explores what has happened as Europe s culture fragmented and the world lost its center It explores a range of different arenas from political and social and religious happenings to scientific and artistic expressions in order to find the centers of the human condition and how the dark expressions of meaninglessness so commonly highlighted are more rites of passage than the final destination

Dance, Little Gentleman! Gilbert Frankau,1930

Everyday Life-Environmentalism Daisaku Yamamoto,Hiroyuki Torigoe,2023-12-05 This book provides one of the first systematic introductions to the Japanese concept of life environmentalism Seikatsu Kankyo Shugi This concept emerged in the 1980s as a shared research framework among Japanese social scientists studying the adverse consequences of postwar industrialization on everyday life in communities Life environmentalism offers a lens through which the agency of small communities in sustaining their everyday life and

living environment can be understood The book provides an overview of this approach including intellectual backgrounds and foundational concepts along with a variety of empirical case studies that examine environmental and sustainability issues in Japan and other parts of Asia It also includes critical reflections on the approach in light of contemporary sustainability challenges The empirical topics covered in the book include local community responses to development projects resource governance disaster response and recovery and historical environmental preservation The chapters are contributed by researchers working at the forefront of the field It provides only a glimpse into the vast literature that awaits further exploration and engagement in the future The book is suitable for upper undergraduate students graduate students and researchers interested in environmental problems sustainability and resilience disaster mitigation and response and regional development in Asian contexts particularly Japan It is well suited for courses in anthropology geography sociology urban and regional planning political science Asian studies and environmental studies
