confirmed pair of amateur sleuths in this fourth entry in the popular Gilded Age series and this makes the setting perhaps slightly cozier but as usual P B Ryan is spot on with her period detail This is the best part about the series for me as these books really do open a window into how both the high and low society of Boston operated She thankfully doesn't shrink Anne Perry style from showing it warts and all probably the best entry yet MyShelf com As always Nell and Will's predicament tugs at my heart Loved it Babbling Book Reviews The author has an amazing grasp of life during this period of history Each detail is crafted to let the reader feel immersed in the time from the major historical events to the minutiae of everyday life These facts are effortlessly woven into the overall narrative The Romance Reader's Connection House & Garden, 1916 **The Cambridge Ancient History: Rome and the Mediterranean, 218-133 B.C**, 1930 Italy Karl Baedeker (Firm), 1887 *Impossible Bliss* Lee Sheldon, 2001 *The Land Beyond the Forest* Emily Gerard, 1888 *Murder in a Mill Town* P B Ryan, 2014-07-14 Nell is one of the strongest most honorable and dearest heroines to grace the pages of an amateur sleuth novel P B Ryan knows how to write a tale that will grip and keep readers' interest throughout the novel Midwest Book Reviews Nell Sweeney a young Irish born governess in post Civil War Boston may not have much but she does possess both a keen mind and a brave heart As governess to the wealthy Hewitt family she finds plenty of opportunities to use both especially when the seamy side of society shows itself The lowborn Fallons come to Viola Hewitt with a desperate plea for help Their wayward daughter Bridget a pretty young employee of Hewitt Mills and Dye Works hasn't been seen for days Mrs Fallon unwilling to believe that Bridget would just run off without a word fears that she's come to a bad end possibly at the hands of her ex con lover Viola confined to a wheelchair enlists Nell to locate the missing mill girl Working with Viola's black sheep son Will Nell uncovers a web of schemes and greed and dark obsession and what she knows may just be the death of her Originally published by Berkley Prime Crime *Murder in a Mill Town* was nominated for the prestigious Mary Higgins Clark Award 68K words Ryan creates characters you care about and a plot that holds your interest as you try to unmask the killer Lively and intriguing this is a fast paced wonderful read RT BookReviews I love this series After finishing the book I had to go back and re read scenes and I even pulled out the first book to re read much of Nell and Will's many conversations again Babbling Book Reviews The saga style of Catherine Cookson meets the Victorian vices world of Anne Perry in this popular whodunit Much thought and research has gone into making the two faces of mid 19th century Boston come to life whether the gilded world of the Hewitts or the grubby back streets of the underworld MyShelf com Ms Ryan excels in her ability to show her characters' complexities Most are neither good nor bad but living lives enmeshed with many shades of gray Add the rich historical detail and readers have an excellent historical mystery with an intriguing heroine The Best Reviews Nell is an interesting and unique character The mystery itself is done quite well with clues pointing to various suspects and an unexpected resolution I hope to see much more of Nell in future books The Romance Reader's Connection 1868 Boston is well portrayed in this series an enjoyable story There is no trace of Colonnade Row in what is now Boston's

downtown shopping area and Charlestown is but a shell of the prosperous city that existed there in the nineteenth century but this book brings them back into existence Reviewing the Evidence
