Stiller Roman:

Stiller Max Frisch, 2011-05-24 Bei seiner Einreise in die Schweiz wird Mister White festgenommen weil er für die Polizei mit dem verschwundenen Bildhauer Anatol Ludwig Stiller identisch ist. Frische Freunde bestreiten den Verdacht. Er aber widersetzt sich dieser Festlegung. Seine Aufzeichnungen in der Untersuchungshaft wehren sich gegen diese Behauptung mit der Feststellung: Ich bin nicht Stiller. Stiller Max Frisch, 1965 I'm Not Stiller Max Frisch, 2006 Readers cannot but feel the force of what remains one of the most important novels of the post war years Times Literary Supplement Stiller Max Frisch (Schriftsteller), 1953 *Perspectives on Max Frisch* Gerhard F. Probst, Jay F. Bodine, 2021-12-14 Max Frisch with his countryman Friederich Diirrenmatt shares the place of eminence in contemporary Swiss literature. Indeed he ranks high among the recent leading writers in the German language. But although several of his works, novels and plays have been translated into English he remains little known in America. In this collection of essays an international group of scholars provides a fresh introduction to this noted author. The three leading essays review Frisch's work in the forms he has used most extensively: drama, narrative fiction and the personal diary. The remaining nine essays focus on specific works or topics. Among the works examined are *I'm Not Stiller*, *A Wilderness of Mirrors*, *Wilhelm Tell* and the recent *Man in the Holocene*. Among the topics are Frisch's use of language and images, his treatment of women and the element of parody. Concluding the volume is the most complete bibliography on Frisch to appear in English to date. **Kierkegaard's Influence on Literature, Criticism, and Art: The Germanophone world** Jon Bartley Stewart, 2013 Vol 2 is dedicated to the use of Kierkegaard by later Danish writers. Almost from the beginning Kierkegaard's works were standard reading for these authors. Danish novelists and critics from the Modern Breakthrough movement in the 1870s were among the first to make extensive use of his writings. These included the theoretical leader of the movement, the critic Georg Brandes who wrote an entire book on Kierkegaard and the novelists Jens Peter Jacobsen and Henrik Pontoppidan. *The Novels of Max Frisch* Michael Butler, 1976 **Volume 12, Tome I: Kierkegaard's Influence on Literature, Criticism and Art** Jon Stewart, 2016-12-05 While Kierkegaard is primarily known as a philosopher or religious thinker, his writings have also been used extensively by literary writers, critics and artists worldwide who have been attracted to his creative mixing of genres, his complex use of pseudonyms, his rhetoric and literary style and his rich images, parables and allegories. The goal of the present volume is to document this influence in different language groups and traditions. Tome I explores Kierkegaard's influence on literature and art in the Germanophone world. He was an important source of inspiration for German writers such as Theodor Fontane, Thomas Mann, Rainer Maria Rilke, Alfred Andersch and Martin Walser. Kierkegaard's influence was particularly strong in Austria during the generation of modernist authors such as Rudolf Kassner, Karl Kraus, Robert Musil and Hermann Broch. Due, presumably in part to the German translations of Kierkegaard in the Austrian cultural journal *Der Brenner*, Kierkegaard continued to be used by later figures such as the novelist and playwright Thomas Bernhard. His thought was also

appropriated in Switzerland through the works of Max Frisch and Friedrich D rrenmatt The famous Czech author Franz Kafka identified personally with Kierkegaard s love story with Regine Olsen and made use of his reflections on this and other topics *Volume 19, Tome VI: Kierkegaard Bibliography* Peter Šajda,Jon Stewart,2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies
