Swan Hill:

Green Fields, Brown Fields, New Fields David Nichols, Anna Hurlimann, Clare Mouat, Stephen Pascoe, 2010 The conference explores past and future approaches to managing and designing for growth development and decline This goes beyond debates over density frontier development and renewal It includes new fields of historical policy and social research which inform discussion of heritage growth environmental economic and other issues of urban life and urban form Page iii

Irrigation, Salinity, and Rural Communities in Australia's Murray-Darling Basin, 1945-2020 Daniel Rothenburg, 2023-01-13 This book explores the issue of salinization in the context of contemporary conflicts about irrigation water and the environment in Australia considering the Murray Darling Basin in particular It provides an environmental and social history charting the transformation of rural communities in the basin through the salinization of soils and water Focusing on the Goulburn Murray Irrigation district in the southwest of the Murray Darling basin the largest irrigation district in Australia it explores the history of state directed large scale engineering in the district where the environment has been altered dramatically to facilitate white agricultural settlement inland Changes to the landscape led to extensive salinization however a significant environmental threat in Australia This book traces the impact of these changes on rural communities taking a bottom up approach highlighting the connections between environmental social and political change It provides an important reflection on the importance of environmental history for facing the challenges posed by anthropogenic climate change

Wilding's directory, Shrewsbury ... and surrounding districts Wilding Longworth, 1896

Cultural Sustainability in Rural Communities Catherine Driscoll, Kate Darian-Smith, David Nichols, 2017-07-06 There has been a recent expansion of interest in cultural approaches to rural communities and to the economic and social situation of rurality more broadly This interest has been particularly prominent in Australia in recent years spurring the emergence of an interdisciplinary field called rural cultural studies This collection is framed by a large interdisciplinary research project that is part of that emergence particularly focused on what the idea of cultural sustainability might mean for understanding experiences of growth decline change and heritage in small Australian country towns However it extends beyond the initial parameters of that research bringing together a range of senior and emerging Australian researchers who offer diverse approaches to rural culture The essays collected here explore the diverse forms that rural cultural studies might take and how these intersect with other disciplinary approaches offering a uniquely diverse but also careful account of life in country Australia Yet in its emphasis on the simultaneous specificity and cross cultural recognisability of rural communities this book also outlines a field of inquiry and a set of critical strategies that are more broadly applicable to thinking about the rural in the early twenty first century This book will be valuable reading for students and academics of Geography History Literary Studies Cultural Studies Anthropology and Sociology introducing rural cultural studies as a new dynamic and integrative discipline
