The Glorious Obsession Maurice Rheims,1980-01-01 *Glorious Obsession* Dr. Abraham Unger,1978 [The Socialness of Things](#) Stephen H. Riggins,2012-10-25 No detailed description available for [The Socialness of Things](#) **The Christian Life Series** Rayola Kelley,2013-05-01 Did you ever just want to read a book about the Christian life that would explain how it would express itself in the life of believers The Christian Life Series is comprised of three books that are separated according to themes to show believers what the Christian life is all about and how it will express itself The first book *What Matter Is* This deals with the matters that establish the foundation of the Christian faith such as salvation love grace faith and holiness The second book *The Challenge of It* addresses that which challenges this incredible walk by establishing that it is a matter of knowing God properly investing in a relationship with Him accepting His invitation disciplining attractions and letting go of the past The final book *The Reality of It* reveals how the Christian life will express itself in our walk It unveils the spiritual man defines what it means to be a disciple and what it entails to walk in the light in order to adhere to what we have been predestined to fulfill This is a book that every serious minded follower of Jesus will not only want to read and study but to meditate on in order to gain the nuggets of truth that have been interwoven into each presentation [The Rise and Fall of American Art, 1940s-1980s](#) Catherine Dossin,2016-03-03 In *The Rise and Fall of American Art 1940s 1980s* Catherine Dossin challenges the now mythic perception of New York as the undisputed center of the art world between the end of World War II and the fall of the Berlin Wall a position of power that brought the city prestige money and historical recognition Dossin reconstructs the concrete factors that led to the shift of international attention from Paris to New York in the 1950s and documents how peripheries such as Italy Belgium and West Germany exerted a decisive influence on this displacement of power As the US economy sank into recession in the 1970s however American artists and dealers became increasingly dependent on the support of Western Europeans and cities like Cologne and Turin emerged as major commercial and artistic hubs a development that enabled European artists to return to the forefront of the international art scene in the 1980s Dossin analyses in detail these changing distributions of geopolitical and symbolic power in the Western art worlds a story that spans two continents forty years and hundreds of actors Her transnational and interdisciplinary study provides an original and welcome supplement to more traditional formal and national readings of the period [The Eschatology of the Restoration of All Things](#) Mike Parsons,2023-05-17 Eschatology is often thought of as describing the end of the world or end times Yet many have begun to conclude that the restoration of all things is an inevitable consequence of who God really is as Love encouraging them to look to the future with optimistic anticipation and expectation Isaiah prophesied no end to the increase of God s government and peace so why are believers still looking for an end Mike Parsons examines the reasons for this confusion exposing the Great Deception that lies behind it and proposing instead a happy eschatology in which all of God s children can recognise and fulfil their eternal destiny *Glorious Obsession : Life and Times of Rayburn L.
