The image shows an open, spiral-bound planner with two pages visible. Each page is titled "Time Blocking" and features a grid for scheduling. The grid has five rows, each labeled "8:00" on the left. To the right of the grid is a list of tasks, with a header "TODAY'S PRIORITY" and a vertical list of checkboxes. Below the task list is a section labeled "REMARKS". The planner is set against a light purple background.

An Incremental Non-linear Planner Steve A. Chien, 1990

Abstract This paper describes a non linear planner that uses incremental inference to deal with complexity of planning using a representation with conditional effects This planner constructs initial plans using limited inference to reason about conditional effects of operators While this significantly reduces the computational expense of plan construction it introduces the possibility that the initial plan will make incorrect predictions Because the planner uses a sound method for plan construction sound except for the limited consideration of effects when a plan fails it must be due to an unconsidered conditional operator effect
