**Truth Beyond Relativism** Gregory Baum, 1977      **Anxiety in the Era of Uncertainty** Ali Chavoshian, Jung Eun Sophia Park, 2025-03-20 The burgeoning field of Lacan studies critiques that most discourses have been formed in dominant cultures considering the impacts of Western imperialism on the structure of non Western or postcolonial human subjects This groundbreaking work invites readers to read Jacques Lacan's Seminars in an interdisciplinary way with scholars from diverse backgrounds Readers will see a new picture of anamorphosis emerge with possible transformation while facing the uncanny feeling of anxiety through the global peoples perspectives

**Jesus Christ for Contemporary Life** Don Schweitzer, 2012-02-13 Jesus Christ for Contemporary Life is an understanding of Jesus as the Word of God grounded in what can be known historically of Jesus and informed by subsequent reflection upon him which hopes to help shape a Christian identity characterized by bounded openness Don Schweitzer moves from the historical Jesus to the present in three parts In the first part Schweitzer develops an understanding of Jesus as the Word of God who became incarnate to give the goodness and beauty of God further expression in time and space Second he explores how various atonement theories articulate ways in which Jesus empowers people to further express this beauty and goodness in their own lives And finally Schweitzer explores how Jesus relates to people in the church to the events and movements in history to other religions and to Christians in their dialogue with God in prayer

**Censorship Moments** Geoff Kemp, 2014-11-20 This book is available as open access through the Bloomsbury Open Access programme and is available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com) Censorship in varying forms has been part of human experience for 2 500 years and has proved itself to be a recurring presence for political thought whether as active repression a shaping context for expression or as itself a subject for analysis and argument From the death of Socrates to the fatwa against Salman Rushdie attempts to silence thinkers and writers have provoked passionate and often penetrating responses that speak of their historical moment Censorship Moments will provide short accessible and stimulating access to a variety of these responses Each chapter will couple a short textual moment of writing on censorship and freedom of expression by a past writer with analysis by an expert current scholar The book's main focus is the public political dimension of censorship in its relation to political authority and political thought while also reflecting on the porous boundary to literature and other areas such as law and the media

**Scientific Theology: Reality** Alister E. McGrath, 2006-11-23 This second volume in the series provides a detailed and thorough examination and defense of theological realism Engaging critically with writers such as George Lindbeck and John Millbank McGrath offers a sparkling and sophisticated affirmation of theological realism against its modern and postmodern critics His refutation of the claim that the rise of philosophical nonfoundationalism entails the abandoning of any form of realism is of particular importance as is his application of the highly influential form of critical realism developed by Roy Bhaskar Scientific Theology is a groundbreaking work of systematic theology in three volumes Nature Reality and Theory Now available as a three volume set

Crippen, 1996     **Nonfoundationalism** John E. Thiel, 1994 Not so much as a movement or school as an emerging consensus about philosophical criteria of truth and reality nonfoundationalism is the critical impulse associated with the work of Richard Rorty Richard Bernstein and others Increasingly its critique of the search for sure and impregnable foundations shapes the fundamental commitments that gird contemporary theology John Thiel here assays a careful exploration of its assumptions and convictions as well as ways nonfoundationalism has influenced contemporary theology     **Collected Works of F.H. Jaki, 1992 In the present lecture Father Jaki first examines the conciliar tradition from Trent to the present with a view to comparing developments in magisterial statements to contemporaneous developments in science particularly in cosmology He notes in this connection the curious absence of reference in modern theological discourse to the universe which scientists explore He then provides considerations of the place of the universe in ancient creedal statements of the Church and in the attitudes of scientists and philosophers in the modern period Finally he proposes to modern theology a number of issues which need to be addressed if the Church is to engage contemporary scientific cosmology in a fruitful manner     *The Princeton Seminary Bulletin* Princeton Theological Seminary, 1992 Vols for 1907 1908 1936 1937 no 1 Commencement issue no 2 Necrology report no 3 News no 4 Catalogue v for 1937 1938 1938 1939 no 1 3 News no 2 Bulletin of courses no 4 Catalogue v for 1939 1940 1944 1945 no 1 4 News no 2 Bulletin of courses no 3 Catalogue v for 1945 1946 no 1 Bulletin of courses no 2 4 News no 3 Catalogue v for 1946 1947 1952 1953 no 1 3 4 News no
