Walking Ancient Trackways Michael C. Dunn, 1986 *Walking the Old Ways: Alfred Watkins' Early British Trackways* Alfred Watkins, 2025-06-30 Early British Trackways marks the beginning of Alfred Watkins groundbreaking exploration into the theory of ley lines the ancient pathways linking prehistoric monuments and sacred landmarks across the British landscape Based on detailed fieldwork in Herefordshire Wiltshire Berkshire and surrounding counties Watkins proposed that these ancient routes which he termed leys once served as practical trackways for early civilisations More than simple paths he argued they reflected a deliberate system of navigation between sacred sites and standing stones laid out by prehistoric peoples Although Watkins ideas were met with scepticism by archaeologists and geographers they've since become foundational in the study of sacred geography with ley lines reinterpreted in spiritual and esoteric traditions *Walking the Old Ways* presents Watkins first vision for ley lines originally published in 1922 It's a pioneering work that continues to inspire a deeper appreciation of Britain's ancient landscape [Walking the Wainwrights](#) Stuart Marshall, 2000 This text provides a compact guide to the ascent of all 214 peaks described in the late Alfred Wainwright's seven volume pictorial guide to the Lakeland fells It is designed to be taken on the fells and not left at home on a bookshelf [Offa's Dyke Path](#) Mike Dunn, 2023-06-14 A guidebook to walking Offa's Dyke Path National Trail following Britain's longest ancient monument the eighth century earthwork that once marked the boundary between the Anglo Saxon kingdom of Mercia and the Welsh kingdoms to the east The 285km 177 mile route from Sedbury Cliffs near Chepstow to Prestatyn is suitable for walkers of most abilities The route is described from south to north in 12 stages of between 17 and 29km 11 18 miles with additional suggestions for faster and slower itineraries Contains step by step description of the route alongside 1 100 000 maps Includes a separate map booklet containing OS 1 25 000 mapping with the route line Public transport information for those wanting to break the trail into shorter sections Handy trek planner route summary table and accommodation listings help you plan your itinerary GPX files available to download **Walk Snowdonia** Ralph Maddern, 1992 Part of a series which offers walkers a practical tool to walking in Snowdonia clear directions accurate linear measurements and compass bearings including line drawings which have been composed from folk memories and recollections of oral historians **The Pilgrims' Way** Derek Bright, 2011 Winding its way from Winchester to Canterbury through the counties of Hampshire Surrey and Kent can still be found one of England's most ancient trackways Well trodden and beloved of walkers throughout southern England the Pilgrims Way serves as a hidden by way linking those that travel along it with some of the country's oldest cathedrals castles and abbeys yet it remains an enigma to many of those who regularly follow its tracks From the Neolithic through to the Victorian pilgrimists Derek Bright brings together a mass of evidence and re-evaluates how we should view this ancient trackway that Ivan D Margary described as one of the most important in Britain Using evidence of roadside crime prohibitive legislation and the everyday hazards facing wayfarers he makes decisive arguments for how the

road has served travelers over time
