Surrogate Thief:

The Surrogate Thief Archer Mayor, 2007-07-31 Brattleboro is the epitome of scenic Vermont Quaint in its architecture and plainspoken in its politics it dominates the state's southeast corner as both an employment hub and an election year powerhouse all while looking like a genteel postindustrial New England mill town And yet there is darkness here too and nobody knows it better than Joe Gunther Over the years he has battled drug pushers and corporate swindlers grappled with environmental conspirators and foiled gangs and home invaders But while usually successful in his fight for the town's future Gunther hasn't always come out on top Thirty years earlier store owner Klaus Oberfeldt was robbed and beaten senseless When Klaus died six months later a case of assault and battery became first degree murder The guilty man eventually appeared to be a well known small time crook but enough time had elapsed for him to vanish Gunther distracted by his wife's losing struggle with cancer in the same hospital where Klaus was slipping from life did something that would plague him for the rest of his career He let the case go cold burying it in the past along with his private sorrows Now serendipitously reopened the Oberfeldt investigation forces Gunther to revisit ancient history and open old wounds Torn between righting the past and confronting his demons the veteran cop faces the most personal and dangerous case of his career For somewhere on the idyllic Brattleboro streets stalks a long lost murderer who never quite disappeared and with Joe's renewed interest now has good reason to kill again *Victorian Servants, Class, and the Politics of Literacy* Jean Fernandez, 2009-09-10 In this volume Fernandez brings the under examined figure of the Victorian servant out of obscurity in order to tell the story of his or her encounter with literacy as imagined and represented in nineteenth century fiction autobiography pamphlets and diaries A vast body of writing is uncovered on the management of servant literacy in Victorian periodicals advice manuals cartoons sermons books on household management and pornography thereby revealing that the domestic sphere was a crucial war zone in the battle over mass literacy By attending to how fictional and nonfictional texts of the age feature literate servant narrators she demonstrates how the issue of servant literacy as a cultural phenomenon has profound implications for our understanding of the nexus between class mass literacy voice and narrative power in the nineteenth century The study reads canonical fiction by Mary Wollstonecraft Emily Bronte Elizabeth Gaskell Wilkie Collins and R L Stevenson alongside popular detective fiction by Catherine Crowe the Diaries of Hannah Cullwick and best selling pamphlets of the age while introducing to Victorian scholarship hitherto little known or unknown servant autobiographies that address life history as an engagement with literacy **Sequels** Janet G.
