Back to the Beginning of a Perfect Creation Charles Pratt, 2021-01-27 The beginning of Genesis represents the basic foundation of the entire Bible If the reader does not understand the foundational truths then he will likely misunderstand the rest of the book The truths that follow stand or fall upon the foundation of the first few chapters

of Genesis This book is a personal passion of my heart from a conservative viewpoint of God s Creation of the world Things did not just come into existence by some cosmic accident or chance but by an Ingenious Designer Creator that purposed every facet of His perfect creation Many individuals have been deceived with the teachings and the lies of evolution such as man arriving from a monkey Some teachers have used these lies that the earth is billions of years old However the Bible clearly teaches that creation came to pass just over 6 000 years ago Those years are well documented in Genesis and other Bible accounts Since my first degree was in science it is my desire to show every person possible that the Bible is absolutely true and completely trustworthy The truth is that science is attempting to catch up with biblical truth yet it never will That is because the Creator of this vast universe is so far advanced of all scientific discoveries that man will never be able to reach that super human level of wisdom God possesses unlimited understanding of creation that man will never achieve In the beginning every single thing made was perfect until man committed sin in Genesis 3 My desire is to inspire all who are seeking to uncover the truth about creation to study those conservative teachings about life and how human beings arrived on earth There is absolutely no scientific evidence of any humans living on any of the other planets God announced early in Genesis that His focus was upon the heavens and the earth which is taught throughout the Bible He never mentions about man getting to another planet but He does desire that all humans go to heaven The provision for man to go to heaven is through the blood of Jesus since this is the Only Way

The Lie Ken Ham,2012-10-15 Today Christians and those considering the Christian faith increasingly doubt the Bible s reliability Why What changed Revised Expanded for this special 25th anniversary edition Ken Ham points out the looming precipice too many church leaders are rushing towards a denial of the full authority and accuracy of the Bible from its very first verse In addition Ken powerfully shows how the unproven unscientific philosophy of evolution is driving young people away from the Christian faith and provides solid biblical solutions to turn things around The Lie uncovers Why Genesis remains critically important in presenting the Gospel This slippery slope of reinterpreting Scripture and redefining biblical doctrine How the handling of the biblical account of creation impacts your understanding of all of Scripture and your worldview The collapsing structure of Christianity as Genesis is questioned compromised and dismissed The religion of evolution The authority of God s Word versus man s fallible word Genesis as the foundation for all biblical doctrine Evolutionary ideas are actually destructive to the foundational message of the Cross of Jesus Christ Evolution is used to justify social issues such as abortion communism drug abuse homosexual practices and worse The successful use of creation evangelism to present the whole gospel message These issues are of critical importance when you realize that today we have Christians questioning Genesis the age of the earth the reality of Hell Adam as a real person and Christ s own words about creation marriage and more One compromise just leads to another and it has to end if we want to leave a legacy of faith to future generations Churches individuals and Bible colleges are using this Christian apologetic resource to strengthen their faith families and sharing of the whole gospel of Jesus Christ
