The Germans

William Armstrong Fairburn

The Germans:

The Germans in India Panikos Panayi, 2017-10-04 Based on years of research in libraries and archives in England Germany India and Switzerland this book offers a new interpretation of global migration from the early nineteenth until the early twentieth century Rather than focusing upon the mass transatlantic migration or the movement of Britons towards British colonies it examines the elite German migrants who progressed to India especially missionaries scholars and scientists businessmen and travellers The story told here questions for the first time the concept of Europeans in India Previous scholarship has ignored any national variations in the presence of white people in India viewing them either as part of a ruling elite or more recently white subalterns The German elites undermine these conceptions They developed into distinct groups before 1914 especially in the missionary compound but faced marginalisation and expulsion during the First World War [The Germans in South America](#) Clarence Henry Haring, 1920 *Germany and the Germans from an American Point of View* Price Collier, 1914 [Foreign Relations of the United States, 1951: European security and the German question](#), 1977 *History of the German People from the First Authentic Annals to the Present Time* Edward Sylvester Ellis, Augustus R. Keller, 1916 **Where the German Army Has Passed**, 1915 **Panorama of the Defence of Paris Against the German Armies Painted by F. Philippoteaux** Félix Emmanuel Henri Philippoteaux, 1874 **The Germans** Gordon A. Craig, 1983-04 *The Diagnosis of the German Obsession* William Armstrong Fairburn, 1918 **The German War Machine in World War II** David T. Zabecki, 2019-12-02 This invaluable resource offers students a comprehensive overview of the German war machine that overran much of Europe during World War II with close to 300 entries on a variety of topics and a number of key primary source documents This book provides everything the reader needs to know about the German war machine that developed into the potent armed force under Adolf Hitler This expansive encyclopedia covers the period of the German Third Reich from January 1933 to the end of World War II in Europe in May 1945 Dozens of entries on key battles and military campaigns military and political leaders military and intelligence organizations and social and political topics that shaped German military conduct during World War II are followed by an illuminating epilogue that outlines why Germany lost World War II A documents section includes more than a dozen fascinating primary sources on such significant events as the Tripartite Pact among Germany Italy and Japan the Battle of Stalingrad the Normandy Invasion the Ardennes Offensive and Germany's surrender In addition six appendices provide detailed information on a variety of topics such as German aces military commanders and military medals and decorations The book ends with a chronology and a bibliography of print resources **The American Year Book**, 1916 [The German Fury in Belgium](#) L. Mokveld, 1917 **A Critical Study of the Tacitean Account of German Military Antiquities** Rose Leonice Munn, 1926 **The Book of History: The events of 1918. The armistice and peace treaties**, 1921 **Feeding the German Eagle** Edward E. Ericson III, 1999-11-30 The dramatic story of Hitler and Stalin's marriage of convenience has

been recounted frequently over the past 60 years but with remarkably little consensus As the first English language study to analyze the development extent and importance of the Nazi Soviet economic relationship from Hitler s ascension to power to the launching of Operation Barbarossa in June 1941 this book highlights the crucial role that Soviet economic aid played in Germany s early successes in World War II When Hitler s rearmament efforts left Germany dangerously short of raw materials in 1939 Stalin was able to offer valuable supplies of oil manganese grain and rubber In exchange the Soviet Union would gain territory and obtain the technology and equipment necessary for its own rearmament efforts However by the summer of 1941 Stalin s well calculated plan had gone awry Germany s continuing reliance on Soviet raw materials would Stalin hoped convince Hitler that he could not afford to invade the USSR As a result the Soviets continued to supply the Reich with the resources that would later carry the Wehrmacht to the gates of Moscow and nearly cost the Soviets the war The extensive use in this study of neglected source material in the German archives helps resolve the long standing debate over whether Stalin s foreign policy was one of expansionism or appeasement *The Nineteenth Century and After* ,1914

The German Classics Kuno Francke,Isidore Singer,1914 *The World's Work* ,1919 A history of our time **The Literary Digest History of the World War** Francis Whiting Halsey,1919 This collection is a general military and diplomatic history of the First World War from June 1914 to May 1920 Military affairs are the foremost issue with political and diplomatic events relevant to the war intertwined The work includes short biographies of important military leaders
