Audacity of Speaking in Tongues Oppong Kyekyeku, 2018-10-25 Theological correctness has made speaking in tongues controversial and it confuses everyone within Christendom Many doubts which surrendering it are creating fear instead of faith for its authenticity meanwhile Jesus promised every believer as one of the signs to follow us Speaking in tongues is not the Holy Spirit but it is the evidence indicating that the Holy Spirit has come upon you It happened on the day of Pentecost when one hundred and twenty believers gathered together in Jerusalem The Holy Spirit came upon all of them and they began to speak in tongues as evidence to confirm Jesus's prophecy Peter couldn't ignore its reality but confirmed that the Holy Spirit had come upon the Gentiles just as they received when he heard the household of Cornelius speaking in tongues In Ephesus Paul also believed the fact that the Holy Spirit had come upon all the twelve converts by laying his hands on them because they spoke in tongues Now we contemporary Christians cannot overlook this evidence Instead we must continue until we pass to the next generation Because the truth has to be told

Herbert G. Bell, Jr., Reverend Herbert G. Bell Jr, 2009-07 Speaking in Tongues follows the quest of Reverend Herbert Bell Jr to find out the Biblical truth about speaking in tongues Throughout his book he uses various biblical and pastoral sources to determine the origins of the practice of speaking in tongues His biblical resource is the New King James Version of the bible from which he has also drawn all of the scriptures used in the book He examines the writings of John Wesley Dr Curtis Hutson and James M Frye to weigh their response to the practice of speaking in tongues In John Wesley he finds a voice who just wants his congregation to be able to understand his message Like Wesley he has endeavored in this book to present the material in a manner so that all who read it may understand and profit from its content As he delves more deeply into the writings of Hutson and Frye he finds two theologians who also share his view of speaking in tongues With that as a basis Reverend Bell decided to search the Scripture for himself so that he would learn what God required of him as he worshipped Him in Spirit and in Truth

Speaking in Tongues

Felicitas D. Goodman, 2008-04-15 Speaking in tongues or glossolalia is practiced in many different religions around the world Dismissed as meaningless gibberish by some observers it

has been the subject of only a few fragmentary studies The work of Felicitas D Goodman represents the first cross cultural analysis of this enigmatic behavior and she brings to her research an extensive background in linguistics and anthropology Dr Goodman s fieldwork included living with apostolic congregations in Mexico City in the Yucatan with Maya Indians and visits with a congregation in Hammond Indiana Her observations were preserved on a remarkable collection of sound recordings and films For this book she presents a selection of conversion stories that highlights the personality structure and experiences of the speakers A detailed analysis of the phonological and suprasegmental features of the recorded utterances show a surprising cross cultural agreement This led Goodman to believe that glossolalists speak the way they do because their speech behavior is modified in a particular mental state often termed trance into which they place themselves In this light the glossolalia utterance is seen as an artifact of a hyperaroused mental state or in Chomskyan terms as the surface structure of a nonlinguistic deep structure that of the altered state of consciousness Goodman describes the hyperaroused mental state as a neurophysiological phenomenon as well as the associated patterns of movement and the problems of waking from it Goodman s diachronic approach yielded equally surprising data about the changes and the waning of the behavior over time But as she observes we have barely touched the edge of a very large area of inquiry Her fascinating study opens a number of new avenues of research for anthropologists such as the study of physiological states accompanying linguistic and ritual behavior

What the Bible Says about Speaking in Tongues John Argubright,2014-05-22 The Biblical gift of speaking in tongues is the supernatural gift from God of speaking in a known foreign language to unbelievers without any previous knowledge or training in that language And what is spoken in that foreign language is the Gospel of Jesus Christ The main purpose is in order that Christ and Him crucified would be preached to all nations in a language that the hearer would understand Yet today many wolves in sheep clothing have perverted what the true gift of speaking in tongues really is and have replaced it with all sorts of false doctrines This Bible study teaches verse by verse on this topic teaching what the Bible says as compared to what the heretics of today have to say who are deceiving Christians by telling them to pray in ecstatic utterance that was once only associated with demonic possession And as you will see a very dangerous doctrine is being spewed from the tongues of these false prophets
