Spectator Cartoon 1992:

Spectator Cartoon Michael Heath, Dominic Lawson, 1992-12-01 [Public Sculpture of North-East England](#) Paul Usherwood, Jeremy Beach, Catherine Morris, 2000 Documents some 450 public monuments and sculptures of the northeast of England Entries on each piece contain bandw photos and details on materials physical conditions ownership and commissioning and use and interpretation at various times in history From this emerges a picture both of the development of public sculpture and monuments in the region and of the contribution these objects make to ideas of local identity Material is arranged geographically Includes bandw maps a glossary introductory essays and brief biographies of sculptors and architects Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR *Animation* Chris Pallant, 2021-01-01 *Animation Critical and Primary Sources* is a major multi volume work of reference that brings together seminal writings on animation studies Gathering historical and contemporary texts from a wide ranging number of sources the volumes provide a key resource in understanding and studying the past and future directions of animation studies The four volumes thematically trace animation studies from its many definitions or a lack thereof to the institutional nature of animation production to establishing greater space within animation discourse for the consideration of broadcast and interactive animation and finally giving greater contextual understanding of the field of animation studies by focusing on Authorship Genre Identity Politics and Spectatorship thus enabling readers to engage more deeply with the ideas discussed in the final volume Ordering the collection in this way avoids imposing an overly simplistic chronological framework thereby allowing debates that have developed over years and even decades to stand side by side Each volume is separately introduced and the essays structured into coherent sections on specific themes **David Foster Wallace's Toxic Sexuality** Edward Jackson, 2020-06-11 *David Foster Wallace's Toxic Sexuality* Hideousness Neoliberalism Spermatics is the first full length study of perhaps the most controversial aspect of Wallace's work male sexuality Departing from biographical accounts of Wallace's troubled relationship to sex the book offers new and engaging close readings of this vexed topic in both his fiction and non fiction Wallace consistently returns to images of sexual toxicity across his career to argue that when it comes to sex men are immutably hideous He makes this argument by drawing on a variety of neoliberal logics and spermatic metaphors which in their appeal to apparently neutral economic processes and natural bodily facts forestall the possibility that men can change The book therefore provides a revisionist account of Wallace's attitudes towards capitalism as well as a critical dissection of his approach to masculinity and sexuality In doing so *David Foster Wallace's Toxic Sexuality* shows how Wallace can be considered a neoliberal writer whose commitment to furthering male sexual toxicity is a disturbing but undeniable part of his literary project **Dictionary of British Cartoonists and Caricaturists** Mark Bryant, Simon Heneage, 2022-01-25 Originally published in 1994 this dictionary provides a unique who's who of the major figures in the world of British cartoons and caricatures It was the first book to encompass the entire field from c 1730 when Hogarth
