Russia: From Proletarian Revolution to State-Capitalist Counter-Revolution Raya Dunayevskaya, 2017-07-10 Russia From Proletarian Revolution to State Capitalist Counter Revolution is a selection of writings by the Marxist Humanist philosopher Raya Dunayevskaya which begins with an examination of Lenin's Hegel Notebooks his philosophic preparation for proletarian revolution followed by a section on What Happens After the revolution the first years post 1917 Analyses of Trotsky Stalin Bukharin and Luxemburg are presented A key section is Russia's Transformation into Opposite The Theory of State Capitalism Opposition to Russian state capitalism such as the 1953 East Germany Revolt and the 1956 Hungarian Revolution are described Mao's China as another form of state capitalism as well as the Sino Soviet conflict is discussed The study ends with a battle of ideas with other analyses of the Revolution and its aftermath **What Was The USSR?** Aufheben Collective, 2020-10-13 The Russian Revolution and the subsequent establishment of the USSR as a workers state has dominated political thinking for more than three generations In the past it seemed enough for communists to define their radical separation with much of the left by denouncing the Soviet Union as state capitalist This is no longer sufficient if it ever was Many Trotskyists for example now feel vindicated by the restoration of capitalism in Russia To transform society we not only have to understand what it is we also have to understand how past attempts to transform it failed In What Was The USSR Aufheben explores the inadequacies of the theory of the USSR as a degenerated workers state and the various versions of the theory that the USSR was a form of state capitalism Aufheben is a UK based libertarian communist journal that has been active since 1992 What Was The USSR was a series of articles published by them in issues 6-9 between 1997 and 2000 The Radical Reprint by Pattern Books is made to be as accessible and as close to manufacturing cost as possible [Russia Today](#) International Socialists (Australia), 1989 **Russia State Capitalism**, 197? *State Capitalism's Uncertain Future* Scott B. MacDonald, Jonathan Lemco, 2015-07-20 A provocative and timely look at the current state of global economics particularly how the state owned companies of Russia China Latin America and other emerging markets are influencing how people work how they consume and how they prosper The global economy is changing experts are noting slow growth in the advanced economies greater volatility in international markets and the emergence of state owned companies in the competitive marketplace This forward looking reference explores the role that state capitalism plays within the political structures of countries throughout the world The text begins with an introduction to state capitalism moves into an in depth

examination of several countries and regions and concludes with a discussion on the future of state capitalism in the next decade Coauthors Scott B MacDonald and Jonathan Lemco examine the challenges that state owned companies face in the global economy including a weak legal and commercial infrastructure a conflict of interest between politics and business and massive corruption in local and regional governments A close review of the perils of state capitalism based on meritocracy devolving into crony capitalism invites debate on the longevity of this economic system versus a free market economy

Soviet Russia ,1922 **A Taxonomy of State Capitalism** Axel Wölk,2021-04-07 What is the economic order of state capitalism Furthermore how can its significant performance differences be explained The first question is tackled with the help of New Institutional Economics by developing a model of state capitalism This topic is furthermore dealt with in Chapter 3 where a taxonomy of state capitalism is presented This chapter already explains some of the performance differences In the last chapter with the help of semi structured interviews and literature surveys in four case studies propositions are forwarded as to why state capitalist orders vary so widely in their performances Two points stick out the quality of the bureaucracy as well as a varying degree of commitment of the political leadership to a developmental course **Soviet Russia Pictorial**

,1922 *Socialist Standard* ,1930 *Soviet Russia in the Second Decade* American Trade Union Delegation to the Soviet Union,1928 State Capitalism: The Wages System under New Management Adam Buick,John Crump,1986-10-10 Here is the first comprehensive exposition of the theory of state capitalism Using a Marxist theoretical approach Buick and Crump show that private capitalism and state capitalism are equally suitable institutional arrangements for allowing capital to exploit wage workers State capitalism is examined in its Western form of selective nationalisation and in its full scale form as found in Russia or China The origins of Russian state capitalism are traced back to the 1917 revolution and Lenin's ideology Finally Buick and Crump suggest the kind of changed social relationships which would allow world capitalism to be replaced by world socialism *The Nation* ,1921 *Our of Their Own Mouths* Samuel Gompers,William English Walling,1921

State Capitalism Barry Sheppard,2006 Presents key materials refuting the anti Marxist theory and the author looks at what happened in Russia since the demise of the old USSR showing that it cannot be explained as simply a transition from state capitalism to normal capitalism *Germany in Transition* Morgan Philips Price,1923
