State In Early Modern France

Thomas Betteridge

State In Early Modern France:

The State in Early Modern France James B. Collins, 1995-09-28 This major new textbook addresses fundamental questions about the nature of the state in early modern Europe through an analysis of the most important continental state France Professor Collins abandons the traditional formulation of the absolute monarchy and presents in its place a state that evolved to meet the needs of the French elites Collins offers a detailed analysis of French society to provide the broader context for the development of the French state The model that emerges from his synthesis is one that relied more on persuasion and congruity of influence than on arbitrary authority and Collins argues that fundamental changes in French society made the monarchical ministerial state a dangerous anachronism by the 1750s leading to political impasse by the second half of the eighteenth century Collins offers a fundamental reinterpretation of the state relevant to historians and students of political thought

State Formation in Wallachia, 1740-1800 Vasile Mihai Olaru, 2024-12-21 This book explores the transformation of the state in Wallachia an Ottoman tributary principality between 1740 and 1800 by focusing on three administrative techniques regulations paperwork registers identification certificates and weights and measures The implementation by the central power of regulations bookkeeping certificates and standard units of measurement was not smooth but it nevertheless heralded the beginning of the struggle against localism and the efforts to extend the boundaries of legitimate state action The author challenges the mostly Romanian historiography of the Phanariot period which has portrayed the state as a set of institutions undertaking certain responsibilities and has insisted almost exclusively on its extractive function and abusive character Instead this book takes a closer look at how the Wallachian state functioned examining how its means of interacting with its subjects changed in the second half of the eighteenth century Rethinking the problem of the state in eighteenth century Wallachia traditionally regarded as a mere instrument of Ottoman domination it claims that it was precisely during this time that the bases of modern statehood were laid in a context defined by imperial rivalries Ottoman Habsburg Russian in the region Making the case for state formation in the absence of preparation for war the author also stresses in contrast to recent contributions that decentre the state the need to study the process whereby the effect of state coherence is produced While focusing on Wallachia this book provides valuable reading for those interested in early modern administrative and legal history the history of state formation and Southeast European history more generally

Voices in the Legal Archives in the French Colonial World Nancy Christie, Michael Gauvreau, Matthew Gerber, 2020-09-24 *Voices in the Legal Archives in the French Colonial World* The King is Listening offers through the contribution of thirteen original chapters a sustained analysis of judicial practices and litigation during the first era of French overseas expansion The overall goal of this volume is to elaborate a more sophisticated social history of colonialism by focusing largely on the eighteenth century extending roughly from 1700 until the conclusion of the Age of Revolutions in the 1830s By critically examining legal practices and litigation in the French colonial world in both its Atlantic and Oceanic extensions this volume

of essays has sought to interrogate the naturalized equation between law and empire an idea premised on the idea of law as a set of doctrines and codified procedures originating in the metropolis and then transmitted to the colonies This book advances new approaches and methods in writing a history of the French empire one which views state authority as more unstable and contested Voices in the Legal Archives proposes to remedy the under theorized state of France s first colonial empire as opposed to its post 1830 imperial expressions empire which have garnered far more scholarly attention This book will appeal to scholars of French history and the comparative history of European empires and colonialism

Governing Masculinities in the Early Modern Period Jacqueline Van Gent,2016-04-22 Documenting lived experiences of men in charge of others this collection creates a social and cultural history of early modern governing masculinities It examines the tensions between normative discourses and lived experiences and their manifestations in a range of different sources and explores the insecurities anxieties and instability of masculine governance and the ways in which these were expressed or controlled in emotional states language or performance Focussing on moments of exercising power the collection seeks to understand the methods strategies discourses or resources that men were able or not to employ in order to have this power In order to elucidate the mechanisms of male governance the essays explore the following questions how was male governance demonstrated and enacted through men s and women s bodies What roles did women play in sustaining supporting or undermining governing masculinities And what are the relationship of specific spaces such as household or urban environments to notions and practice of governance Finally the collection emphasises the power of sources to articulate the ideas of governance held by particular social groups and to obscure those of others Through a rich and wide range of case studies the collection explores what distinctions can be seen in ideas of authoritative masculine behaviour across Protestant and Catholic cultures British and Continental models from the late medieval to the end of the eighteenth century and between urban and national expressions of authority

Crown and Nobility in Early Modern France Donna Bohanan,2017-03-10 This book analyses the evolving relationship between the French monarchy and the French nobility in the early modern period New interpretations of the absolutist state in France have challenged the orthodox vision of the interaction between the crown and elite society By focusing on the struggle of central government to control the periphery Bohanan links the literature on collaboration patronage and taxation with research on the social origins and structure of provincial nobilities Three provincial examples Provence Dauphine and Brittany illustrate the ways in which elites organised and mobilised by vertical ties ties of dependency based on patronage were co opted or subverted by the crown The monarchy s success in raising more money from these pays d etats depended on its ability to juggle a set of different strategies each conceived according to the particularity of the social political and institutional context of the province Bohanan shows that the strategies and expedients employed by the crown varied from province to province conceived on an individual basis they bear the signs of ad hoc responses rather than a gradnoise plan to centralise

[Gendering the Renaissance Commonwealth](#)

Anna Becker, 2020-01-02 The civic and the domestic in Aristotelian thought Friendship concord and Machiavellian subversion Jean Bodin and the politics of the family Inclusions and exclusions Sovereign men and subjugated women The invention of a tradition Conclusion from wives to children from husbands to fathers Early Modern Europe Mark W. Konnert, 2006 Drawing on the most recent social economic cultural and intellectual research Mark Konnert provides an engrossing overview of Europe during a highly dynamic and turbulent historical period The book argues that while territorial trade offs resource and wealth distribution and social conflict contributed to a century and a half of revolts civil wars and witch hunts religion was the main catalyst for the violence that rocked the continent Konnert's comprehensive study will help guide the student through this complex period in European history Maps illustrations and an index are included **Changing Identities in Early Modern France** Michael Wolfe, 1997 After examining the interplay between competing ideologies and public institutions from the monarchy to the Parlement of Paris to the aristocratic household the volume explores the dynamics of deviance and dissent particularly in regard to women's roles in religious reform movements and such sensationalized phenomena as the witch hunts and infanticide trials **War and the Rise of the State** Bruce D. Porter, 2002-02-01 States make war but war also makes states As Publishers Weekly notes Porter a political scientist at Brigham Young University demonstrates that wars have been catalysts for increasing the size and power of Western governments since the Renaissance The state's monopoly of effective violence has diminished not only individual rights and liberties but also the ability of local communities and private associates to challenge the centralization of authority Porter's originality lies in his thesis that war breaking down barriers of class gender ethnicity and ideology also contributes to meritocracy mobility and above all democratization Porter also posits the emergence of the Scientific Warfare State a political system in which advanced technology would render obsolete mass participation in war This provocative study merits wide circulation and serious discussion The Medical World of Early Modern France L. W. B. Brockliss, Colin Jones, 1997 The Medical World of Early Modern France recounts the history of medicine in France between the sixteenth century and the French Revolution Physicians surgeons and apothecaries are centre stage and the study provides an overview of long term changes in their ideas about medicine and their craft Other denizens of the medical world quacks charlatans wise women midwives herbalist and others are also brought into the analysis which is set within the broader context of social economic demographic and cultural change The breadth of the chronological and analytical framework and the depth of the archival research behind it makes this a unique account of the evolution of medical ideas and practices in one of the major countries of early modern Europe **State, Sovereigns & Society in Early Modern England** Charles Carlton, 1998 A book written in honour of the Tudor historian Joe Salvin with contributions from 14 highly regarded scholars from both sides of the Atlantic It covers the interplay between the state sovereign and society suitable for students and academics interested in early modern English history Societal Breakdown and the Rise of the Early Modern State in Europe Dmitry

Shlapentokh,2008 This book compares the social decomposition in late medieval Europe to the societal failure witnessed today in the modern West arguing that in the case of emergencies a strong despotic state is the only way to maintain basic order Shlapentokh asserts that asocial behavior criminality promiscuity and anti sanitary actions as well as other aspects of social political and communal breakdown in both medieval France and the contemporary West is not a marginal occurrence but rather a mainstream phenomena and one that can often be stopped by strong force as the only antidote to social chaos While the majority of Western and particularly Anglo American scholarship dictates that Jeffersonian democracy will spread over the world Shlapentokh argues that instead it is the precepts of Hobbes and Carl Schmitt that will shape the world to come

Class and State in Ancien Regime France David Parker,2002-11-01 Class and State in Early Modern France explores the economic social ideological and political foundations of French Absolutism David Parker s challenging interpretation presents French Absolutism as a remarkably successful attempt to preserve the political and ideological structures of the traditional order This reassessment runs contrary to much revisionist historiography rejecting the widespread tendency to treat French Absolutism either as an instrument of capitalism or political modernisation It also discusses a number of contentious issues such as the agrarian foundations of capitalism the relationship between class and status as well as the structure and ideology of the absolute state itself It will be of interest to early modern historians of France Britain and Europe

Liberty and Order in Early Modern Europe J. H. Shennan,1986 [Sodomy in Early Modern Europe](#) Thomas Betteridge,2002-10-11 This fascinating collection of essays reflects closely the main areas of debate within gay historiography

[Encyclopedia of Historians and Historical Writing](#) Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Historians of Early Modern Europe ,1961

Studies in Eighteenth-century Culture Leslie Ellen Brown,Patricia B. Craddock,1990 *Feud in Medieval and Early Modern Europe* Jeppe Büchert Netterstrøm,Bjørn Poulsen,2007 Recent research emphasises that feud and vendetta are not merely to be seen as expressions of chaos anarchy and lawlessness but can be perceived as key to the understanding of these societies Feud and vendetta were integrated parts of society and played a fundamental role in shaping pre modern societies at all levels

web dec 1 2018 thulfikar 15 found that decreasing both number of steps and downstream slopes stepped face of the spillway caused an increase in the ratio of flow energy

energy dissipation on rough stepped spillways - Oct 01 2023

web feb 2 2018 1 introduction spillways are common structures and are widely used for removing the excess flow in dams as the flow passes through the spillway its potential energy changes to kinematic energy the high kinematic energy of flow reveals itself as

pdf evaluation of energy dissipation on stepped spillway using - Oct 21 2022

web the stepped spillway is a hydraulic structure used steps to decrease the energy in the stilling basin that can reduce the cost the numerical analysis is widely used currently in

analysis of energy dissipation of interval pooled stepped spillways - Dec 23 2022

web jan 1 2010 a general design procedure has been developed to quantify the energy dissipation along a stepped 1v 0 75h spillway chute typical of a concrete gravity dam

energy dissipation on stepped spillways and hydraulic challenges - Aug 31 2023

web feb 25 2022 energy dissipation and design multiphase air water flows stepped cascades chutes and spillways have been in use for more than three millennia with

determination of energy dissipation in stepped spillways - Nov 09 2021

an investigation concerning the water energy dissipation and - Feb 10 2022

web determination of energy dissipation in stepped spillways getting the books determination of energy dissipation in

stepped spillways now is not type of

stepped spillway design for energy dissipation - May 28 2023

web the results showed that the baffles on the stilling basin downstream stepped spillway increase the energy dissipation simple formulae were also deduced to evaluate the

determination of flow characteristics of stepped spillways - Mar 14 2022

web may 1 1993 back potentially high energy dissipation on stepped overflow spillways would imply a significant reduction of the size of downstream stilling basins the amount

energy dissipation prediction for stepped spillway based on - Jan 24 2023

web aug 1 2019 highlights the effect of stepped spillways on energy dissipation is studied genetic algorithm was used to maximize energy dissipation relative energy

study of flow and energy dissipation in stepped spillways - May 16 2022

web sep 12 2019 stepped spillways may be utilized to improve the process of aeration in the treatment of plants and rivers 4 there are previous researchers that studied the
