Stolen Lives:

Death in Custody Roger A. Mitchell Jr., Jay D. Aronson, 2023-09-05 The United States significantly undercounts the number of people who die in law enforcement custody each year How can we fix this Deaths resulting from interactions with the US criminal legal system are a public health emergency but the scope of this issue is intentionally ignored by the very systems that are supposed to be tracking these fatalities We don't know how many people die in custody each year whether in an encounter with police on the street during transport or while in jails prisons or detention centers In order to make a real difference and address this human rights problem researchers and policy makers need reliable data In *Death in Custody* Roger A Mitchell Jr MD and Jay D Aronson PhD share the stories of individuals who died in custody and chronicle the efforts of activists and journalists to uncover the true scope of deaths in custody From Ida B Wells's enumeration of extrajudicial lynchings more than a century ago to the Washington Post's current effort to count police shootings the work of journalists and independent groups has always been more reliable than the state's official reports Through historical analysis Mitchell and Aronson demonstrate how government at all levels has intentionally avoided reporting death in custody data Mitchell and Aronson outline a practical achievable system for accurately recording and investigating these deaths They argue for a straightforward public health solution adding a simple checkbox to the US Standard Death Certificate that would create an objective way of recording whether a death occurred in custody They also propose the development of national standards for investigating deaths in custody and the creation of independent regional and federal custodial death review panels These tangible solutions would allow us to see the full scope of the problem and give us the chance to truly address it [State Work](#) Stefano Harney, 2002-07-02 This is a case study of ways that labor is organized by public administration to produce state effects *Revisionary Narratives* Naïma Hachad, 2019 *Revisionary Narratives* examines the historical and formal evolutions of Moroccan women's auto biography in the last four decades particularly its conflation with testimony and its expansion beyond literary texts It analyzes auto biographical and testimonial acts in Arabic colloquial Moroccan Darija French and English in the fields of prison narratives visual arts theater performance and digital media situating them within specific sociopolitical and cultural contexts of production and consumption Part One begins by tracing the rise of a feminist consciousness in prison narratives produced and or published in the late 1970s through the 2000s Part Two moves to analyzing the ubiquity of auto biography and testimony in the arts as well as contemporary sociopolitical activism The focus throughout the various case studies is women's engagement with patriarchal and neo imperial norms and practices as they relate to their experiences of political violence activism migration and displacement To understand why and how women collapse the boundaries between autobiography biography testimony and sociopolitical commentary the book employs a broad transdisciplinary montage approach that combines theories on gender and autobiography and takes into account postcolonial postmodern transnational transglobal and translocal perspectives Doing so the book marks auto biography and

testimony as a specific field of inquiry within the study of women's postcolonial cultural productions in the Moroccan and more broadly the Maghrebi and the Middle Eastern contexts

Stolen Lives Malika Oufkir, 2002-05-01 A gripping memoir that reads like a political thriller the story of Malika Oufkir's turbulent and remarkable life Born in 1953 Malika Oufkir was the eldest daughter of General Oufkir the King of Morocco's closest aide Adopted by the king at the age of five Malika spent most of her childhood and adolescence in the seclusion of the court harem one of the most eligible heiresses in the kingdom surrounded by luxury and extraordinary privilege Then on August 16 1972 her father was arrested and executed after an attempt to assassinate the king Malika her five younger brothers and sisters and her mother were immediately imprisoned in a desert penal colony After fifteen years the last ten of which they spent locked up in solitary cells the Oufkir children managed to dig a tunnel with their bare hands and make an audacious escape Recaptured after five days Malika was finally able to leave Morocco and begin a new life in exile in 1996 A heartrending account in the face of extreme deprivation and the courage with which one family faced its fate *Stolen Lives* is an unforgettable story of one woman's journey to freedom

Works John Galsworthy, 1929 **Stolen Lives** Malika Oufkir, 2001-06-01 Twenty years in a desert jail *Police Power and Race Riots* Cathy Lisa Schneider, 2014-07-17 Three weeks after Lyndon Johnson signed the Civil Rights Act of 1964 a New York City police officer shot and killed a fifteen year old black youth inciting the first of almost a decade of black and Latino riots throughout the United States In October 2005 French police chased three black and Arab teenagers into an electrical substation outside Paris culminating in the fatal electrocution of two of them Fires blazed in Parisian suburbs and housing projects throughout France for three consecutive weeks Cathy Lisa Schneider explores the political legal and economic conditions that led to violent confrontations in neighborhoods on opposite sides of the Atlantic half a century apart *Police Power and Race Riots* traces the history of urban upheaval in New York and greater Paris focusing on the interaction between police and minority youth Schneider shows that riots erupted when elites activated racial boundaries police engaged in racialized violence and racial minorities lacked alternative avenues of redress She also demonstrates how local activists who cut their teeth on the American race riots painstakingly constructed social movement organizations with standard nonviolent repertoires for dealing with police violence These efforts along with the opening of access to courts of law for ethnic and racial minorities have made riots a far less common response to police violence in the United States today Rich in historical and ethnographic detail *Police Power and Race Riots* offers a compelling account of the processes that fan the flames of urban unrest and the dynamics that subsequently quell the fires
