*Behavioral Approaches for Children and Adolescents* Philip C. Kendall, Jan H. Slavenburg, Henk P.J.G. van Bilsen, 2013-11-09 Challenges for the next decade as the subtitle of a book is a statement of ambition In the present time we have to be ambitious as scientists clinicians and teachers Without ambition we would not be able to confront the problems of young people in an effective way In this decade we can see an abundance of problems of young people football hooliganism school drop out vandalism delinquency lack of social skills aggression and depression The problem seems to grow Governments parents and concerned citizens call for action now Unfortunately the action that is taken is often impulsive and not based on scientifically proven methods longer jail sentences for young first offenders putting young offenders in military look alike training camps etc For some reason the usage of effective interventions is limited In this book the reader will find

an extensive overview of what we know to be effective as a cure or prevention for the above mentioned problems The first four chapters will give the reader a clear insight of what the state of the art is today overview of cognitive behavioural therapies with children and adolescents An integrative overview is given by Kendall Panichelli Mindel and Gerow Russo and Navalta provides some new dimensions of behavior analysis and therapy What behavioral approaches can offer to education is described by Slavenburg and van Bilsen in two chapters In Part II authors from Australia the United States and the Netherlands describe programs for specific clinical populations attention deficit disorder anti social youth learning problems social skills problems depression and aggression

**Outing and the Wheelman** ,1916 Education Reform in China Janette Ryan,2013-07-03 Over the past decade there has been radical reform at all levels of China's education system as it attempts to meet changing economic and social needs and aspirations Changes have been made to pedagogy and teacher professional learning and also to the curriculum both at the basic education level from kindergarten to year 12 and at the higher education level This book focuses on reform at the early childhood primary and secondary levels and is the companion book to China's Higher Education Reform and Internationalisation which covers reform at the higher education level Education Reform in China outlines the systematic transformation that has occurred of school curriculum goals structure and content teaching and learning approaches and assessment and administrative structures including the increasing devolvement of control from the centre to provincial district and school levels As well as illustrating the changes that are occurring within classrooms it demonstrates the continuity of cultural and educational ideas and values in the midst of these changes showing that reform does not just involve the adoption of foreign ideas but builds on and even resurrects traditional Chinese educational values Importantly it considers how exchanges of people and ideas can contribute to new ways of working between Western and Chinese educational systems
