**Islamic Civilization** S. M. Ghazanfar, 2006-03-30 Review Islamic Civilization History Contributions and Influence A Compendium of Literature is a window to literature pertaining to

Islamic history and Islam's contributions to knowledge and its influence in medieval Europe. The book is unique in that it presents more than mere annotations; it is a collection of literature briefs, detailed and focused descriptions of each of the more than six hundred books and articles covered. In the post-9/11 environment, there has been a surge of interest regarding all things Islamic. While much of the new literature is refreshingly positive, some works demonstrate a revival of centuries-old misconceptions about the Islamic world. *Islamic Civilization* examines that dichotomy through literature that the author has accumulated over the past twenty years in connection with other research endeavors concerning early Islamic social thought; thus, most references have a social science/humanities orientation. Students, researchers, scholars, and professionals will find this bibliography full of useful resources and a stimulus for further reading.

BOOK JACKET [An Analysis of Yasser Tabbaa's \*The Transformation of Islamic Art During the Sunni Revival\*](#) Bilal Badat, 2018-02-21

Tabbaa's *Transformation* offers an innovative approach to understanding the profound changes undergone by Islamic art and architecture during the often-neglected Medieval Islamic period. Examining devices such as calligraphy, arabesque, muqarnas, and stonework, Tabbaa argues we propagated in a moment of confrontation and facilitated the re-emergence of the Sunni Abbasid caliphate in a more orthodox image. Tabbaa offers a timely and thought-provoking alternative to conventional essentialist, positivist, and ethno-narrative interpretations of Islamic art.
