**A Light Shone in the Darkness** Doreen Mary Rossman,1997 A Light Shone in the Darkness is the account of the life of Therese Neumann of Konnersreuth a mystic who lived in Germany until her death in 1962 and who was given to visions crying tears of blood and bearing of stigmata throughout her life

**Therese Neumann** Friedrich Ritter Von Lama,2023-11-14 All possible means are resorted to in an effort to discredit the phenomena of Konnersreuth to silence the voices which speak of a Divine Hand at work there Despite all of this the phenomena continue to take place as hitherto Therese Neumann was a simple girl born to good Catholic parents in an obscure village of Catholic Bavaria Yet God would call her to make known the sacred passion of Christ in her person After an accident that should have killed her she was miraculously healed and received cures for her blindness and atrophied limb But more than all of these she shed tears of blood and bore the wounds of Christ visibly in her body Therese Neumann a Stigmatist of Our Day is a contemporary account of her life sufferings and miracles Friedrich von Lama faithfully records her cures and visions and defends the miraculous occurrences from the skeptics with logic and reason without falling into an overly pietistic hagiography He addresses the claims of science which was bent on discrediting her and provides facts verified by thousands of witnesses to present her life story in a way that will move the reader to the very depths of his soul Just the same the author is careful not to anticipate a judgment of the Church in her regard In this book you will learn the teaching of the Church on mystical phenomena her devotion to St Therese of Lisieux the miracles God provided the young stigmatist the nature of her stigmata and devotion to the passion of Christ her miraculous visions and living on the Eucharist

**The Visions of Therese Neumann** Johannes Steiner,2012-03-01 This book reveals Therese's visions and stigmata along with some biographical data and explanations This work is a studied apology for the mystical phenomena which occurred in the life of Therese The author shows that mystical experiences while outside the realm of usual rational expectations are well within the realm of God's way He views Therese's experience as a divine mission given to her by God as a first line of defense against modern exaggerated rationalism which does away with religion and forces us to sheer materialism The author Johannes Steiner was introduced to

Therese Neumann in 1929 and has maintained unbroken and close contact with Konnersreuth ever since After the war it was possible for him to even intensify his connections since his professional needs as one of Europe s foremost publishers brought him into the neighborhood of Konnersreuth several times a year and frequently for rather extensive visits Thus he had an opportunity to speak with Therese Neumann herself and to acquire first hand information to correct or round out the work of her first biographer Dr Fritz Gerlich He is probably the best living expert on the subject of Therese Neumann
