Straight Talk About Date Rape:

Straight Talk about Date Rape Susan Mufson, Rachel Kranz, 1997 Discusses the phenomenon known as acquaintance or date rape describing situations in which it occurs how to avoid this crime and where to get help if you have been a victim

I Have Been Raped. Now What? Susan Henneberg, 2015-07-15 The CDC estimates that nearly one in five women and one in seventy one men have been raped in their lifetime Almost half of them experienced their first rape before age eighteen But what exactly constitutes rape and why does it happen Using sensitive narrative and inspiring case studies this book guides teens whether they are survivors friends of survivors or confused or concerned citizens through the process of what to do if they are raped how to begin the process of recovery and how to stay safe in an attempt to prevent a rape from occurring

Help! My Kids Are Hurting Marv Penner, 2010-10-05 A Survival Guide to Working with Students in Pain This book provides a wide range of appropriate interventions and fundamental people helping skills as well as critical help for youth workers to recognize their limitations and learn the principles of effective referral This practical and informative book is essential for any untrained youth worker and will be a vital tool for any youth pastor to share with their staff Youth Violence I. M. Rachia, 1999 This bibliography comprises a selection of Library of Congress catalog records for some 1 500 books periodicals and websites related to youth violence Anyone wanting such a bibliography could probably compile it from the Library of Congress web site and the deficiencies in conception and design of this product defy understanding A brief preface sounds an alarm no one should be surprised that youth violence lurks behind every school house door but sets forth no criteria for selection of citations no indication of time frame purpose or audience Entries are arranged alphabetically by title within chapters on school violence guns and youth gangs campus violence dating and violence and periodicals and Web sites Unforgivably primitive alphabetic sorting puts all titles beginning with The together the same with other articles and in addition those titles are indexed together Though the title indicates the presence of abstracts there are none except the summaries supplied by Library of Congress for juvenile titles of which there are many Cross referencing and indexing except by title are absent The compiler s credentials motivation and orientation are not cited Furthermore with better design the contents would have consumed half the number of pages and a few typeface variations would have eased scanning
