Strange Interlude Eugene O'Neill,1928 The play s themes a woman s sexual affairs mental illness abortion and deception over paternity were very controversial for the 1920s It was censored or banned in many cities outside New York The plot centers on Nina Leeds the daughter of a classics professor at a college in New England who is devastated when her adored fianc is killed in World War I before they have a chance to consummate their passion Ignoring the unconditional love of the novelist Charles Marsden Nina embarks on a series of sordid affairs before determining to marry an amiable fool Sam Evans While Nina is pregnant with Sam s child she learns a horrifying secret known only to Sam s mother insanity runs in the Evans family and could be inherited by any child of Sam s Realizing that a child is essential to her own and to Sam s happiness Nina decides on a scientific solution She will abort Sam s child and conceive a child with the physician Ned Darrell letting Sam believe that it is his The plan backfires when Nina and Ned s intimacy leads to their falling passionately in love Twenty years later Sam and Nina s son Gordon Evans is approaching manhood with only Nina and Ned aware of the boy s true parentage In the final act Sam dies of a stroke without learning the truth This leaves Nina free to marry Ned Darrell but she declines to do so choosing instead to marry the long suffering Charlie Marsden who proclaims that he now has all the luck at last

Censorship of the American Theatre in the Twentieth Century John H. Houchin,2003-06-26 John Houchin explores the impact of censorship in twentieth century American theatre He argues that theatrical censorship coincides with significant challenges to religious political and cultural traditions Along with the well known instance of the House Un American Activities Committee in the 1950s other almost equally influential events shaped the course of the American stage during the century The book is arranged in chronological order It provides a summary of censorship in eighteenth and nineteenth century America and then analyses key political and theatrical events between 1900 and 2000 These include a discussion of the 1913 riot after the Abbey Theatre touring production of *Playboy* of the *Western World* protests against Clifford Odet s *Waiting for Lefty* performed by militant workers during the Depression

and reactions to the recent play *Angels in America* Eugene O'Neill's Creative Struggle Doris Alexander, 2010-11 In *Eugene O'Neill's Creative Struggle* Doris Alexander gives us a new kind of inside biography that begins where the others leave off. It follows O'Neill through the door into his writing room to give a blow-by-blow account of how he fought out in his plays his great life battles: love against hate, doubt against belief, life against death, to an ever-expanding understanding. It presents a new kind of criticism showing how O'Neill's most intimate struggles worked their way to resolution through the drama of his plays. Alexander reveals that he was engineering his own consciousness through his plays and solving his life problems while the tone, imagery, and richness of the plays all came out of the nexus of memories summoned up by the urgency of the problems he faced in them. By the way of O'Neill, this study moves toward a theory of the impulse that sets off a writer's creativity and a theory of how that impulse acts to shape a work not only in a dramatist like O'Neill but also in the case of writers in other mediums and even of painters and composers. The study begins with *Desire Under the Elms* because that play's plot was consolidated by a dream that opened up the transfixing grief that precipitated the play for O'Neill and it ends with *Days Without End* when he had resolved his major emotional/philosophical struggle and created within himself the voice of his final great plays. Since the analysis brings to bear on the plays all of his conscious decisions, ideas, theories, as well as the life and death struggles motivating them, documenting even the final creative changes made during rehearsals, this book provides a definitive account of the nine plays analyzed in detail: *Desire Under the Elms*, *Marco Millions*, *The Great God Brown*, *Lazarus*, *Laughed Strange*, *Interlude*, *Dynamo*, *Mourning Becomes Electra*, *Ah Wilderness*, and *Days Without End*, with additional analysis of plays written before and after.
