

STRANGE ISLAND STORIES

Islands are, in many ways, the perfect settings for authors looking to craft stories that explore themes such as human isolation, lost civilizations, strange and unusual animal life, the power of nature, the cruelty of man to his fellow man, and human nature itself.

The strange island story takes the reader on a journey into the weird, the bizarre, the scary, and the unsettling. It allows authors to create alternative worlds, places where cannibalism, lycanthropy, and voodoo exist... where islands can literally come alive... where women, rather than men, can be the dominant sex... where the normal rules of geography and topography are defied. Where the only limits are the human imagination.

Here are nineteen classic tales from Arthur Conan Doyle, Julian Hawthorne, Francis Stevens, Jack London, H. P. Lovecraft, Frank Norris, M. P. Shiel, John Buchan and many more; plus one new story from the editor himself!
