Strangers And Aliens:

Strangers & Aliens Trey Dunham,2013-04-04 My life is full of doubt and uncertainty It is full of strangeness and a deep sense that I don't really live here that this is not my home And because of that I know there must be a different way a different life to be lived out there somewhere And all this feels like a journey a path laid out by someone bigger and wiser and with a far better perspective than mine Filled with pain and disappointment and struggle and joy and peace and laughter and tears But I know I am on my way home I am on my way to God Strangers Aliens offers a unique look at Peter's first letter through the eyes of new author Trey Dunham A world traveller pastor teacher and church planter Trey's insight humor and authenticity will help you find your way God's way and His place for you as he guides you a stranger and an alien through this life

Aliens and Strangers Sheila Jacobs,2003-09 Is God going to do anything to help Jane get her mum and dad back together again Or is he just some strange sort of alien that she can't understand

Strangers & Aliens Tony Breeden,2016-10-19 If you've ever wondered about UFOs or extraterrestrial life but then been told that the Bible tells us aliens aren't possible or that aliens are just demons in disguise you need to read this book Join Christian apologist and science fiction author Tony Breeden in the book that has quickly become the Most Hated Book in Creationism as he explores these questions Are aliens behind the UFO phenomenon Do they exist at all Can a Christian believe that God created extraterrestrials Would ET need to be saved Are angels and aliens the same thing Would we even believe in aliens without science fiction or the idea of evolution If aliens exist is creationism a lie Are aliens really just fallen angels in disguise What is the truth Does the Bible have anything to say about all of this The truth is out there and it will set you free

Aliens & Strangers? Anna Strhan,2015-06-19 In this work of qualitative sociology Anna Strhan offers an in depth study of the everyday lives of members of a conservative evangelical Anglican church in London St John's is a vibrant church with a congregation of young and middle aged members one in which the life of the mind is important and faith is both a comfort and a struggle a way of questioning the order of things within society and for themselves The congregants of St John's see themselves as increasingly counter cultural moving against the grain of wider culture in London and in British society yet they take pride in this and see it as a central element of being Christian This book reveals the processes through which the congregants of St John's learn to understand themselves as aliens and strangers in the world demonstrating the precariousness of projects of staking out boundaries of moral distinctiveness Through focusing on their interactions within

and outside the church Strhan shows how the everyday experiences of members of St John s are simultaneously shaped by the secular norms of their workplaces and other city spaces and by moral and temporal orientations of their faith that rub against these Thus their self identification as aliens and strangers both articulates and constructs an ambition to be different from others around them in the city rooted in a consciousness of the extent to which their hopes concerns and longings are simultaneously shaped by their being in the world

Theologizing in the Radical Middle Ryun H. Chang, 2018-09-17 This book doesn t endorse any systematic theology rather it s about how we theologize Why do two equally trained theologians studying the same book and loving the same Lord arrive at such different conclusions This theological disagreement at times becoming personal spills over from the academia to seminaries and churches And if history is any indicator this always weakens the unity of the church Who needs unity when correct doctrines are at stake right But is the defense of all doctrines worth foregoing the unity of the church despite Jesus prayer that they may be one even as we are one At bottom our theological contentiousness stems from not recognizing that the way biblical revelation is framed is not designed to be handled the way seminaries typically do Regardless we strive for the rightness of our tidy theology even disowning those who disagree while doing so The disavowal of continuationists by the Strange Fire crowd is the most recent instance in a long line of placing doctrinal purity over the unity of the body This book uncovers how Scripture is really structured and how therefore we need to theologize differently so that we may grow spiritually in Word and Spirit

Making Strangers Abbas Maazaoui, 2018-11 Studies on foreignness have increased substantially over the last two decades in response to what has been dubbed the migration refugee crisis Yet they have focused on specific areas such as regions periods ethnic groups and authors Predicated on the belief that this so called twenty first century problem is in fact as old as humanity itself this book analyzes cases based on both long term historical perspectives and current occurrences from around the world Bringing together an international group of scholars from Australia Asia Europe and North America it examines a variety of examples and strategies mostly from world literatures ranging from Spain s failed experience with consolidation as a nation state type entity during the Golden Age of Castile to Shakespeare s rhetorical subversion of the language of fear and hate to Mario Rigoni Stern s random status at the unpredictable Italian Austrian borders to Lawrence Durrell s ambivalent approach to noticing the physically visible other to the French government s ongoing criminalization of hospitality to Sandra Cisneros s attempt at straddling two countries and cultures while belonging to neither one to the illusive legal limbo of the DREAMers in the United States We are not born foreigners we are made The purpose of the book is to assert as denoted by the title this fundamental premise that is the making of strangers is the result of a deliberate and purposeful act that has social political and linguistic implications The ultimate expression of this phenomenon is the compulsive labeling of people along artificial categories such as race gender religion birthplace or nationality A corollary purpose of the book is to help shed light worldwide on one of the most pressing issues facing the world today the place of the other amid fear mongering and

unabashedly contemptuous acts and rhetoric toward immigrants refugees and all those excluded within because of race gender national origin religion and ethnicity As illustrated by the examples examined in this book humans have certainly evolved in many areas dealing with the other might not have been one of those It is hoped that the book encourages reflection on how the arts and especially world literatures can help us navigate and think through the ever present crisis the place of the stranger among us *Home in Motion: The Shifting Grammars of Self and Stranger* Pedro F. The United States and many western European nations have grown by immigration What sort of reception have immigrants been given by Christians Are Christians today aware of the need of people suffering from war or persecution to immigrate to safe places In earlier times immigrants were generally like us Now many immigrants are often Muslims who not only dress distinctively but practice a different religious creed as well Many fear that terrorists will enter our country under the guise of immigrants Christians however belong to another kingdom the kingdom of Jesus the Messiah A Christian response to the needs of refugees and immigrants should reflect their commitment to Christ more than their fears or political allegiances Through stories of immigrants in the past and present this book aims to show that not only is it safe to accept them but our commitment to Christ compels us to help those less fortunate than ourselves *Israel and the Nations* Josef Samuel Bloch,1927
