The Moonpool P. T. Deutermann,2008-05-27 I remembered it from high school chemistry one of those experiments where we made hydrogen It was more of an acidic sensation on the palate than a real smell but I recognized it The pile of spent fuel at the bottom was beginning to outgas Next would come the fire to end all fires A private detective working in Wilmington North Carolina is found dead in a gas station restroom apparently poisoned But when her body sets off radiation alarms in the pathologist s office suspicion falls on the nearby Helios nuclear power plant a heavily guarded facility with supposedly failsafe procedures As the FBI local police and the power plant s own security team investigate ex cop Cam Richter head of the agency that employed the dead woman

begins his own inquiries What was his detective investigating And how could one person be poisoned by radiation without others being exposed Cam soon finds himself up against powerful forces that will stop at nothing to keep the plant s problems secret The most vulnerable part of Helios is its moonpool the radioactive storage pond that cools spent but volatile reactor fuel and must be kept completely full Racing against time Cam discovers an inside threat which will use the plant s own systems to begin an unstoppable disastrous sequence of events The Moonpool is a terrific thrill ride filled with insider details about the ultimate terrorist threat and how it might unfold **The Moon Pool** Abraham Merritt,2025-08-31

hallmark of A Merritt's writing style. His understanding of nature combined with a profound sense of myth and fantasy invites readers to lose themselves in the vivid landscapes he creates. This novel is noted for its ability to evoke a sense of wonder, transporting readers to realms where reality and dream intermingle seamlessly. Scholars and enthusiasts of science fiction and fantasy often regard *The Moon Pool* as a seminal text reflecting the prevalent themes of early science fiction narratives. The interplay of civilization versus the wild, the exploration of ancient lore, and mankind's eternal fascination with the unknown are presented through Merritt's imaginative lens, setting the stage for subsequent works in the genre. Additionally, the novel's exploration of consciousness and metaphysical themes has contributed to its enduring appeal, resonating with readers long after its initial publication. The pacing of the novel allows for both moments of thrilling action and contemplative reflection. As characters grapple with the profound implications of their discoveries, readers are invited to join them on an extraordinary journey defined by wonder, terror, and possibility. Merritt successfully strikes a balance between fantastical elements and rich character development, encouraging readers to empathize with the emotional stakes at play. In conclusion, *The Moon Pool* by A Merritt remains an essential work in the canon of early science fiction and fantasy literature. Its richly woven narrative, complex characters, and immersive world-building continue to captivate readers, offering a glimpse into a world filled with both adventure and introspection. Merritt's ability to intertwine myth and reality creates a timeless story that invites exploration, beckoning readers to consider the mysteries lurking just beyond the horizon. Whether you are a long-time fan of speculative fiction or a newcomer to the genre, *The Moon Pool* is a captivating read that promises to leave a lasting impression.

*The Moon Pool* A. Merritt, 2016-09-30T22:24:23Z

*The Moon Pool* in novel form is a combination and fix-up of two previously published short stories, *The Moon Pool* and *Conquest of the Moon Pool*. Initially serialized in *All-Story Weekly*, Merritt made the interesting choice of framing the novel as a sort of scientific retelling, going so far as to include footnotes from fictional scientists to give this completely fantastic work an air of authenticity. In it, we find the adventuresome botanist William T. Goodwin embarking on a quest to help his friend Throckmorton, whose wife and friends have fallen victim to a mysterious temple ruin on a remote South Pacific island. A series of coincidences provides Goodwin with a colorful cast of accompanying adventurers, and they soon find themselves in a mysterious, futuristic underworld. *The Moon Pool* is an important entry in the *Lost World* genre, in no small part because it was a significant influence on H. P. Lovecraft. Hints of *The Moon Pool* can be seen in his short story *The Call of Cthulhu*, and hints of Merritt's *Nan Madol* can be seen in Lovecraft's *R'lyeh*. Today, *The Moon Pool* is a pulp classic featuring many of the themes, tropes, and archetypes that characterized so many of the pulp adventure works of the era. This book is part of the Standard Ebooks project, which produces free public domain ebooks.
