**The Plotters** Un-su Kim, 2019-01-29 ONE OF TIME MAGAZINE'S 100 BEST MYSTERY AND THRILLER BOOKS OF ALL TIME A fantastical crime novel set in an alternate Seoul where assassination guilds compete for market dominance The Plotters's first convenient comparison may be to the ever expanding John Wick movies Los Angeles Review of Books Behind every assassination there is an anonymous mastermind a plotter working in the shadows Plotters quietly dictate the moves of the city's most dangerous criminals but their existence is little more than legend Just who are the plotters And more important what do they want Reseng is an assassin Raised by a cantankerous killer named Old Raccoon in the crime headquarters The Library Reseng never questioned anything where to go who to kill or why his home was filled with books that no one ever read But one day Reseng steps out of line on a job toppling a set of carefully calibrated plans And when he uncovers an extraordinary scheme set into motion by an eccentric trio of young women a convenience store clerk her wheelchair bound sister and a cross eyed librarian Reseng will have to decide if he will remain a pawn or finally take control of the plot Crackling with action and filled with unforgettable characters The Plotters is a deeply entertaining thriller that soars with the soul wit and lyricism of real literary craft

**The Plotters** Un-su Kim, 2019-02-12 A thriller like you've never read one before from the hottest new voice in Korean fiction *The Russian Military Resurgence* René De La Pedraja, 2018-12-11 The transition from the Soviet to the post 1991 Russian military is a fascinating story of decline and reinvention The Soviet army suffered a slow demise dissolving in 2000 and only gradually reforming based on radically different principles The First Chechnya War 1994 1996 was the lowest point for the Soviet military but the Second Chechnya War 1999 2004 saw the initial stirrings of the new Russian army The Five Day War with Georgia in August 2008 was its first major success and marked Russia's return to world power status Lively accounts and maps describe the actions of these wars along with the Crimea operation of 2014 the separatist struggles in eastern Ukraine and the ongoing Russian intervention in Syria

**Daily Report, Foreign Radio Broadcasts** United States. Central Intelligence Agency, 1970 **The Rise and Fall of the Soviet Union** Martin McCauley, 2014-01-14 An expert in probing mafia type relationships in present day Russia Martin McCauley here offers a vigorously written scrutiny of Soviet politics and society since the days of Lenin and Stalin John Keep Professor Emeritus University of Toronto The birth of the Soviet Union surprised many its demise amazed the whole world How did imperial Russia give way to the Soviet Union in 1917 and why did the USSR collapse so quickly in 1991 Marxism promised paradise on earth but the Communist Party never had true power instead allowing Lenin and Stalin to become dictators who ruled in its name The failure of the planned economy to live up to expectations led to a boom in the unplanned economy in particular the black market In turn this led to the growth of organised crime and corruption within the government The Rise and Fall of the Soviet Union examines the strengths weaknesses and contradictions of the first Marxist state and reassesses the role of power authority and legitimacy in Soviet politics Including first person accounts anecdotes

illustrations and diagrams to illustrate key concepts McCauley provides a seminal history of twentieth century Russia

**The History of Vietnam** Justin Corfield, 2008-02-28 Everyone knows Vietnam for its turbulent environment during the second half of the 20th century but few know that archaeologists believe that civilization there existed as far back as the Bronze Age Vietnam's history runs rampant with clashing dynasties civil wars and power struggles between the North and South and conflicts with neighboring and other countries First ruled under China's close watch for centuries Vietnam fell under conflicting commands of France and Japan during the 19th and 20th centuries finally leading to the split of North and South Vietnam and ultimately the Vietnam War Today Vietnam still struggles with its scars from the past but is slowly emerging as its own country independent of China and France An essential addition for high school and public library shelves The History of Vietnam is the only reference book to examine Vietnam's complete history from the 2nd century BCE to the present

**The Quest for Socialist Utopia** Bahru Zewde, 2014 A lively historical account of the rise of Ethiopia's student movement by one of those involved its role in overthrowing the imperial regime and its impact on the shaping of the country's future In the second half of the 1960s and the early 1970s the Ethiopian student movement emerged from rather innocuous beginnings to become the major opposition force against the imperial regime in Ethiopia contributing perhaps more than any other factor to the eruption of the 1974 revolution a revolution that brought about not only the end of the long reign of Emperor Haile Selassie but also a dynasty of exceptional longevity The student movement would be of fundamental importance in the shaping of the future Ethiopia instrumental in both its political and social development Bahru Zewde himself one of the students involved in the uprising draws on interviews with former student leaders and activists as well as documentary sources to describe the steady radicalisation of the movement characterised particularly after 1965 by annual demonstrations against the regime and culminating in the ascendancy of Marxism Leninism by the early 1970s Almost in tandem with the global student movement the year 1969 marked the climax of student opposition to the imperial regime both at home and abroad It was also in that year that students broached what came to be famously known as the national question ultimately resulting in the adoption in 1974 of the Leninist Stalinist principle of self-determination up to and including secession On the eve of the revolution the student movement abroad split into two rival factions a split that was ultimately to lead to the liquidation of both and the consolidation of military dictatorship as well as the emergence of the ethno-nationalist agenda as the only viable alternative to the military regime Bahru Zewde is Emeritus Professor of History at Addis Ababa University and Vice President of the Ethiopian Academy of Sciences He has authored many books and articles notably *A History of Modern Ethiopia 1855-1974* and *Pioneers of Change in Ethiopia The Reformist Intellectuals of the Early Twentieth Century* Finalist for the Bethwell A.
