**The Magic of Amber** Rosa Hunger, 1977-01-01      [The magic of jewels and charms](#) George Frederick Kunz, 2023-11-21

In *The Magic of Jewels and Charms* George Frederick Kunz explores the rich tapestry of gemstones and their cultural significance throughout history. This scholarly work combines detailed mineralogy with folklore, unveiling the mystical properties attributed to various stones and charms across civilizations. Kunz's writing is characterized by a meticulous approach, blending scientific analysis with compelling storytelling, which invites readers to appreciate the profound connections between natural beauty and human belief systems. The book serves as a fascinating chronicle, echoing the late 19th-century fascination with the occult and the spiritual, situating gemstones not merely as adornments but as vessels of power and protection. Kunz, an accomplished mineralogist and gemologist, was deeply entrenched in the gem trade and the scientific community of his time. His extensive knowledge, coupled with a genuine fascination for the lore surrounding gems, propelled him to write this seminal work. Kunz's professional experience as a gem buyer for Tiffany Co. and his engagement with the American Museum of Natural History provided him with unparalleled insights into the allure of gemstones, imparting his profound understanding of both their tangible and intangible values. For readers captivated by the intersection of science, art, and folklore, *The Magic of Jewels and Charms* is an indispensable addition to their library. In this timeless masterpiece, Isidore Kozminsky, a renowned author in the field of Jewish occultism and esotericism, reveals the hidden secrets of gemstones, semi-precious stones, and ordinary stones. Kozminsky skillfully navigates the philosophy of sympathy and antipathy found throughout nature, unveiling the interconnectedness of stone to stone and person to person. As a member of a family of jewelers and associated with the Hermetic Order of the Golden Dawn, Kozminsky was perfectly positioned to synthesize scientific data, ancient folklore, and the occult, and the beneficial use of stones. Unlike more modern stone guides that limit themselves to the psychic and physical aspects of lithotherapy, this book provides a much more comprehensive and holistic understanding of the subject. Special emphasis is placed on the connection between the various gemstones and semi-

precious stones discussed and the signs of the zodiac The author offers a profound philosophy of lucky stones planetary gems and the mystical stones of power which form an integral part of talismanic magic Unique to this book are the inclusion of magical sigils and invocation formulas providing readers with the means to establish contact with the stone spirits presented as an embedded grimoire Abbey s Books The Indian Forester ,1893 *The Magic of Jewels and Charms* George Frederick Kunz,1915 The Spectator ,1896 Summon the Magic Emily Little,2017 For six teens in the small town of Hillside the start of a new school year is anything but ordinary It brings the discovery of strange powers dragons and a mission to save a whole other world **The Magic of Science: a Manual of Amusing and Instructive Scientific Experiments ...** James Wylde,1873 **Magic Words** Craig Conley,2008-10-01 Magic Words A Dictionary is a oneofakind resource for armchair linguists popculture enthusiasts Pagans Wiccans magicians and trivia nuts alike Brimming with the most intriguing magic words and phrases from around the world and illustrated throughout with magical symbols and icons Magic Words is a dictionary like no other More than sevenhundred essay style entries describe the origins of magical words as well as historical and popular variations and fascinating trivia With sources ranging from ancient Medieval alchemists to modern stage magicians necromancers and wizards of legend to miracle workers throughout time Magic Words is a must have for any scholar of magic language history and culture **The magic of science, a manual of easy scientific experiments** James Wylde,1873 **The Journal of Gemmology and Proceedings of the Gemmological Association of Great Britain** ,1978 Vols for July 1964 include Proceedings of the Gemmological Association of Great Britain **The World and Its People** Charles Francis Horne,1925 The Magic Amber Charles Reasoner,1993 An old rice farmer and his wife are repaid for their kindness and generosity **The Magic Wand and Magical Review** ,1929 *Art and criticism.
