The Manchurian Candidate:

The Manchurian Candidate Richard Condon, John Lahr, 1993 THE STORY Raymond Shaw is a young American hero the first Congressional Medal of Honor winner since Vietnam Decorated for saving his troops in a peacekeeping mission in the Middle East he has returned to the U S and a career as a journalist in **The Manchurian Candidate** Greil Marcus, 2020-05-14 It may be the most sophisticated political thriller ever made in Hollywood film critic Pauline Kael wrote of John Frankenheimer's terrifying 1962 political thriller about an American serviceman brainwashed in Korea and made into an assassin Sophisticated to be sure it's also a headlong fall through the looking glass of American politics and the most deeply prophetic film of the second half of the American century As Greil Marcus reconstructs the drama The Manchurian Candidate is a movie in which the director and actors including Laurence Harvey Frank Sinatra and Angela Lansbury in an Academy Award nominated performance were suddenly capable of anything beyond any expectations This edition includes a new foreword highlighting the movie's terrifying contemporary relevance in the age of Trump and Russian interference in the US Presidential election The Manchurian Candidate Richard Condon, 2019-10-06 During the Korean War the Soviets and Chinese capture a U S Army platoon Three days later they return to UN lines Sergeant Raymond Shaw brainwashed secretly and then freed with the rest of his patrol after capture in Korea comes home an unwitting hero and Congressional Medal of Honor Winner to be idolized by America **The Manchurian Candidate (1962) - DVD.** , **The Manchurian Candidate** Stephen Badsey, 1998 *The Manchurian Candidate* George Axelrod, 2004 **Ronald Reagan The Movie** Michael Rogin, 1988-07-15 The fear of the subversive has governed American politics from the racial conflicts of the early republic to the Hollywood anti Communism of Ronald Reagan Political monsters the Indian cannibal the black rapist the demon rum the bomb throwing anarchist the many tentacled Communist conspiracy the agents of international terrorism are familiar figures in the dream life that so often dominates American political consciousness What are the meanings and sources of these demons Why does the American political imagination conjure them up Michael Rogin answers these questions by examining the American countersubversive tradition **The Manchurian Candidate** George Axelrod, John Frankenheimer, 2002 A U S Army platoon captured in the Korean conflict is whisked to Manchuria for three nightmarish days of experimental drug and hypnosis induced conditioning that transform one of them into a human time bomb What Have They Built You to Do? Matthew Frye Jacobson, Gaspar González, 2006 Publisher description The Cold War on Film Paul Frazier, 2021-07-12 The Cold War on Film illustrates how to use film as a teaching tool It stands on its own as an account of both the war and the major films that have depicted it Memories of the Cold War have often been shaped by the popular films that depict it for example The Manchurian Candidate The Hunt for Red October and Charlie Wilson's War among others The Cold War on Film examines how the Cold War has been portrayed through a selection of 10 iconic films that represent it through dramatization and storytelling as opposed to through documentary footage The book includes an introduction to the

war s history and a timeline of events Each of the 10 chapters that follow focuses on a specific Cold War film Chapters offer a uniquely detailed level of historical context for the films weighing their depiction of events against the historical record and evaluating how well or how poorly those films reflected the truth and shaped public memory and discourse over the war A comprehensive annotated bibliography of print and electronic sources aids students and teachers in further research

The Manchurian Candidate, Etc Richard Thomas CONDON,1962 **The Manchurian Candidate** Richard Condon,2004 Among the most taut and influential thrillers ever produced director John Frankenheimer s *The Manchurian Candidate* is a bleak mordant spy thriller in which communist brainwashing and mother love make a potentially lethal combination Plagued by recurring nightmares a shell shocked career soldier Frank Sinatra begins to suspect that a fellow GI Laurence Harvey is not in fact a war hero but rather a brainwashed enemy operative If he s right can he figure out his old pal s mission Frankenheimer made a pair of disturbing noirish masterpieces in the early 60s this film and *Seconds* Both offer subversive visions of modern society and the illusions it perpetuates but *The Manchurian Candidate* benefits from a superior cast In a film filled with exceptional performances Angela Lansbury stands out brilliantly alternating between the simpering supportive wife and mother she plays in public and the steely ruthless puppet master she is behind the scenes Featuring crisp expressionistic black and white cinematography and an early for Hollywood bout of onscreen martial arts *The Manchurian Candidate* is a textbook on how to construct an unforgettable and thought provoking political thriller

The Political Thriller in Contemporary American Cinema Krešimir Bobaš,2025-06-30 *The Political Thriller in Contemporary American Cinema* examines how political thriller films de construct and reflect the sociopolitical realities of the second half of the twentieth century as well as the first two decades of the twenty first century The book highlights the convergence between the cinematic narrative its underlying political discourse and the audience s perception of it Through a critical lens it analyzes how contemporary films utilize characterization narrative and suspense to examine topics of governance malfeasance and power dynamics By referring to films such as *The Manchurian Candidate* *Zero Dark Thirty* and *Snowden* this book traces the evolution of the political thriller questioning how its narratives mirror issues such as covert operations the erosion of democracy and governmental surveillance In turn the conspiratorial and underlying paranoid nature of these films serves as a reflection of societal anxieties and a metaphorization of the levers of power in America s modern day democracy Consequently this book serves as a contribution to the growing body of research on political cinema and the way it simultaneously reflects and shapes political life through its role as a sociocultural phenomenon In doing so it invites readers to further delve into the exploration of these films which represent complex commentaries on the structures of corporations media and the military that are predominant in contemporary American society and cinema
