The Modoc War in the Lava Beds Mark Berhow, 2014-06-24 The six month war is a classic case study of the cultural conflicts that made up the North American Indian wars It has the distinction of being the most costly Indian war fought by the United States Army considering the shortness of the war and the number of Indians involved It was also the only Indian War in which a general grade officer was killed It highlighted the deficiencies of the post Civil War Army a motley crew of badly trained soldiers led by equally poorly trained officers who fought on battlefields of the Indian s choosing and about which the Army had absolutely no information what so ever At the end of the war there were over 1000 soldiers hunting down 160 Modocs of which there was not more than 60 effective fighting men The Modocs are gone from Lava Beds but they are not forgotten The land they fought for was a wild landscape of lava flows caves and cinder cones Today the area is preserved as Lava Beds National Monument

The Modoc War Cheewa James, 2013-05-28 The 1873 Modoc War was the most costly Indian war in U A military history in terms of both lives and money considering the small number of Indians some 55 who battled That war pitted 20 soldiers to every one warrior A descendant of one of the leading Modoc warriors writes of the major battles and the people involved in the war The book is filled with stories of men and women under the horrible stress of war

The Modoc War Robert Aquinas McNally, 2017-11 On a cold rainy dawn in late November 1872 Lieutenant Frazier Boutelle and a Modoc Indian nicknamed Scarface Charley leveled firearms at each other Their duel triggered a war that capped a decades long genocidal attack that was emblematic of the United States conquest of Native America s peoples and lands Robert Aquinas McNally tells the wrenching story of the Modoc War of 1872 73 one of the nation s costliest campaigns against North American Indigenous peoples in which the army placed nearly one thousand soldiers in the field against some fifty five Modoc fighters Although little known today the Modoc War dominated national headlines for an entire year Fought in south central Oregon and northeastern California the war settled into a siege in the desolate Lava Beds and climaxed the decades long effort to

dispossess and destroy the Modocs The war did not end with the last shot fired however For the first and only time in U S history Native fighters were tried and hanged for war crimes The surviving Modocs were packed into cattle cars and shipped from Fort Klamath to the corrupt disease ridden Quapaw reservation in Oklahoma where they found peace even more lethal than war The Modoc War tells the forgotten story of a violent and bloody Gilded Age campaign at a time when the federal government boasted officially of a peace policy toward Indigenous nations This compelling history illuminates a dark corner in our country s past

Hell with the Fire Out Arthur Quinn,1997 The newest book from the critically acclaimed author of *A New World* and *The Rivals* brings to vivid life a violent and all too human chapter in the history of the American West In 1869 Federal Indian Agent Alfred B Meacham traveled to northern California to convince a band of Modoc Indians to return to the reservation A bloody war ensued that lasted until 1873 and paved the way for more famous but equally bloody battles at Little Bighorn and Wounded Knee
