and discoveries reveal a passion that crosses the boundaries of time We understand the manuscripts themselves better by knowing who their keepers and companions have been In 1850 or thereabouts John Ruskin bought his first manuscript at a bookseller s in a back alley This was his reaction The new worlds which every leaf of this book opened to me and the joy I had in counting their letters and unravelling their arabesques as if they had all been of beaten gold as many of them were cannot be told The members of de Hamel s club share many such wonders which he brings to us with scholarship style and a lifetime s experience
