First Sight Danielle Steel, 2013-07-16 NEW YORK TIMES BESTSELLER Paris L A and the world of ready to wear fashion provide rich backdrops for Danielle Steel s deeply involving story of a gifted designer whose talent and drive have brought her everything except the ability to erase her past and trust relationships FIRST SIGHT New York London Milan Paris Fashion Week in all four cities A month of endless interviews parties and unflagging work and attention to detail at the semiannual ready to wear fashion shows the famous pr t porter At the center of the storm and avalanche of work is American Timmie O Neill whose renowned line Timmie O is the embodiment of casual chic in fashion and for the home She has created a business that inspires fills and consumes her life With an unerring instinct for what the next trend will be an innate genius for business tireless labor and sheer fearlessness starting from nothing over two decades Timmie has built an international empire that has brought her enormous satisfaction and success In a world where humility and compassion are all too rare her humor kindness integrity and creativity are inspirational Yet as blessed as she feels by her success Timmie harbors the private wounds of a devastating childhood and past tragedy She is too smart too experienced and too hurt to want much in her personal life beyond a succession of convenient very limited relationships Always willing to take risks in business she never risks her heart But despite her well ordered and highly controlled world it turns out that Timmie O Neill

is not immune to magic when it strikes And it strikes in Paris during Paris Fashion Week when an intriguing Frenchman comes into her life when she gets sick At first Timmie and Jean Charles Vernier are only patient and physician They become confidants and friends corresponding at a safe distance between Paris and Los Angeles once she goes home There is every reason why they must remain apart But neither can deny their growing friendship and the electricity that sparks whenever they meet First Sight is as complex and compelling as modern life itself Careers families histories losses duty obligation and fear of losing control and getting hurt It is a tale of daring to take risks and losing control just enough to have a life when the opportunity presents itself When two very different worlds and strong willed people collide everything changes in an instant as they confront the age old question of whether to lay oneself bare and risk intimacy or not Are they brave enough to face what comes next And will they do it together or apart
