Smith,2010-08 A comprehensive examination of conversion thinking across Christian traditions that recovers ancient wisdom for today s church **Conversion to Christianity** Robert W. Hefner,1993 Contributes as much to advancing contemporary social theory as it does to understanding conversion Dale Eickelman Dartmouth College These rich and rewarding essays problematize a process central to Western notions of the making of modernity the reformation of peripheral worlds under the impact of global religions The authors challenge established disciplinary boundaries providing sensitive accounts of the interplay of world transforming movements and accounts of specific cultures and histories In doing so they cause us to rethink the ethnocentric developmentalist assumptions often built into the very notion of conversion itself as a concept in our own scholarly tradition Jean Comaroff University of Chicago *Story, Formation, and Culture* Benjamin D. Espinoza,James Riley Estep Jr.,Shirley Morgenthaler,2018-10-15 Story Formation and Culture brings together a myriad of scholars researchers and ministry leaders into conversation about how we can effectively nurture the spirituality of children Built around the three themes of story formation and culture this volume blends cutting edge research and insights with attention to how we can bring theory into practice in our ministries with children The work of children s spiritual formation is often a marginalized component in the church s overall ministry This volume seeks to equip pastors leaders and scholars with cutting edge research and practices that effectively strengthen their ministries with children **Digital Transformation in Small- and Medium-Sized Enterprises. Guidelines for the Commercial Dental Laboratory Sector** Maxi Osterhaus,2021-05-06 Bachelor Thesis from the year 2021 in the subject Business economics Miscellaneous grade 1 0 University of Applied Sciences Hanover

language English abstract This thesis derives guidelines to path a way for digital transformation using the example of commercial dental laboratories Therefore commercial dental laboratories current approach to managing digital transformation was identified by conducting 12 expert interviews with commercial dental laboratories according to SMEs underlying size categorisation Based on the discrepancy between the theory based procedural stages and the laboratories holistic assessment practical and comprehensible guidelines were derived It was found that size specific differences prevail in the way digitalisation measures are managed Micro sized and small laboratories suffer from financial and personal constraints and are limited to collaborating with partners In contrast medium sized laboratories are confronted with increased internal complexity and resulting ambiguity within the workforce This thesis enables managers of different sized laboratories to adapt guidelines tailored to their industry and provides support in implementing new technology Digital transformation is the technology induced change on different organisational levels that includes both the exploitation of digital technologies and the exploration of digital innovation to transform the business model Even though digital transformation is empirically and conceptually elaborated in theory existing literature neglects the specifics of Small and Medium sized Enterprises SMEs Often existing models lack concrete recommendations for action that guide through the digital transformation and offer decision making assistance

Navigating Lean Digital Transformation Gourav Dudeja,2024-07-20 In the digital age transformation isn t an option it s a necessity But the path to success is riddled with pitfalls and the key to overcoming them lies in nurturing both technology and talent Gourav Dudeja In *Navigating Lean Digital Transformation* Gourav Dudeja offers an approach to prosper in the digital era Through extensive research and real world insights this book reveals why Lean Digital Transformation initiatives often stumble and more importantly how to ensure they succeed This Book Tells You Why Lean Digital Transformation Fails Unearth the common missteps and barriers that hinder progress illustrated with illuminating case studies How Organizations Can Have Successful Transformation Discover a step by step guide that aligns strategy culture and technology for a triumphant transformation journey How to Develop People during Transformation People are the linchpin of change Learn actionable strategies to empower your workforce foster innovation and ensure they lead your organization s digital future

central issue in the field of program specification and transformation Research in this field is crucial with the advent of cheap computing power in a society increasingly dependent on the availability of error free programs In recognizing this need this book presents examination of a variety of aspects from practical experience in applying transformational methodology to actual production of software via examples of transformational derivations of algorithms By thus illustrating the state of the art and providing results of recent research the book should not only aid scientists but also show professionals just how their work will be influenced by these developments

Cell Transformation Systems Relevant to Radiation Induced Cancer in Man, Proceedings of a Workshop Jointly Organised by the Nuclear Energy Board of Ireland, the United States Department of Energy and the Commission of the European Communities, Held in Du Kenneth Helme Chadwick, C. Seymour, Benjamin J. Barnhart, 1989

The transformation of mammalian cells in vitro provides quantitative and qualitative information on the processes by which physical and chemical agents induce malignancy Recently there has been considerable progress on the development of new cell transformation systems and the role of oncogenes in cell transformation An International Workshop held during April 1989 in Dublin encouraged collaborative interactions between the scientists working in this field and provided a forum for critical review of current research results Cell Transformation and Radiation induced Cancer is a record of the papers presented at the Workshop It includes work which focuses on the potential of emerging human cell transformation systems and their relevance to radiation carcinogenesis and on the role and interplay of oncogenes retroviruses and radiation in cell transformation Particular emphasis is placed on the influence of such variables as radiation quality dose and dose rate promoters and suppressors and cell types on in vitro cell transformation Also considered are the implications of the results from cell transformation studies for radiation induced cancer in man and for radiological protection This book will be of interest to molecular biologists medical physicists and cancer specialists who require a comprehensive account of the latest work on cell transformation and radiation induced cancer

The Politics of Transformation Betty H. Zisk, 1992-10-30 This book is a study of local grassroots activism in two major political areas the peace and environmental movements over a period of five years Interviews with leaders of 166 different groups in five states Massachusetts Maine New Hampshire California and Oregon supplemented by personal observation and participation in several of those groups are the foundations of this analysis The major concerns are the components of group and movement successes both short run and long run and activist group adaptations to change in the larger social and political world in light of political upheaval in Eastern Europe the Gulf War and several environmental crises that occurred during the period in question Finally Zisk focuses on the growing convergence and barriers to convergence of the movements After examining short run accomplishments Zisk concludes that most of the groups in both movements are faring poorly few of their concrete goals are achieved media attention is poor and membership growth is problematic For both movements the transformational wings those that press for basic changes use consensus decision

making have few paid staff members are not doing so well as the incremental wings those seeking limited goals using traditional decision techniques employing larger staffs This book should be of interest to students and teachers of political science and sociology
