Transforming Church Robin Greenwood,2002 Working together in a collaborative ministry that it is possible to halt the decline and renew the Church

Sharing God's Blessing Robin Greenwood,2016-01-21 A tried and tested resource for the renewal of the local church Faced with the unsustainability of many inherited patterns of church the temptation may be to fall into despondency rather than seeking to regenerate patterns of mission and ministry This book is the result of a two year research project aimed at enabling local churches to regain a sense of confidence through exploring God s blessing and how that might be shared with the communities they serve In Part One Robin Greenwood explores the meaning of blessing and the power of face to face group conversations to transform church congregations Part Two of the book contains outlines for five guided conversations for change on the theme of blessing Part Three contains case study material of how this material has been used in different contexts including for Mission Action Planning MAP

Managing Clergy Lives Nigel Peyton,Caroline Gatrell,2013-02-07 A theology of the priesthood revealing the enduring vocational commitment of Church of England parish priests in the context of 21st century challenges

Lay Presidency at the Eucharist? Nicholas Taylor,2009-05-21 The demand for allowing lay ministers to preside at the Eucharist has become a pressing issue in many churches not only in Anglicanism Within the Anglican Communion this issue seems to be potentially divisive as most provinces refuse to accept lay presidency but some as the Archdiocese of Sydney are discussing schemes to introduce it In Lay Presidency at the Eucharist an Anglican theological approach to controversial questions is articulated Taylor investigates in particular what allegiance to Scripture entails and how its authority is to be applied in the Church today The evidence of the New Testament and early Church on the Eucharist and ministry and how critical scholarship relates to the authority of Scripture in the life of the Church are explored whilst the Reformation and subsequent developments in Anglican theology and Eucharistic practice are considered Pressure to authorize lay presidency is largely a response to a shortage of clergy to meet demand for Eucharistic worship and alternative provision for this need is discussed before going on to consider specific schemes The theological issues to do with the Church the Eucharist and the ministry are reviewed and outstanding questions identified

Poetry, Practical Theology and Reflective Practice Mark Pryce,2019-03-13 This groundbreaking study offers an innovative critical analysis of poetry as a resource for reflective practice in the context of continuing professional development In the contemporary drive in all professions for greater rigour in education training and development little attention is paid to the inner shape of learning and meaning making for individuals and groups especially ways in which individuals are formed for the task of their work Building on empirical research into the author s professional practice the book takes the use of poetry in clergy continuing ministerial development as a case study to examine the value of poetry in professional learning Setting out the advantages and limitations of poetry as a stimulant for imaginative critical reflexivity and formation within professional reflective practice the study develops a practical model for group reflection around poetry

distilling pedagogical approaches for working effectively with poetry in continuing professional development Drawing together a number of strands of thinking about poetry Practical Theology and reflective practice into a tightly argued study the book is an important methodological resource It makes available a range of primary and secondary sources offering researchers into professional practice a model of ethnographic research in Practical Theology which embraces innovative methods for reflexivity and theological reflection including the value of auto ethnographic poetry

The Theory and Practice of Extended Communion Revd Dr Phillip Tovey,2013-05-28 Three churches have recently produced liturgies for extended communion This is the distribution of previously consecrated elements at a public service by lay people or a deacon in the absence of a priest This development began in the Roman Catholic Church with the Vatican Directory on Sunday Worship in the absence of a priest in 1988 The Methodist Church produced a service of Extended Communion in 1999 and the Church of England authorized Public Worship with Communion by Extension in 2001 In this book Phillip Tovey examines these churches to discover the reasons for the production of these services and their theological rationale An in depth examination of case studies draws conclusions highly relevant to the wider church
